In Two Sections—Section Two

Engineering News-Record

A Consolidation of Engineering News and Engineering Record

A JOURNAL OF CIVIL ENGINEERING AND CONSTRUCTION

ISSUED WEEKLY

INDEX

VOLUME 97

July 1 to December 31, 1926

McGRAW-HILL PUBLISHING COMPANY, INC.
TENTH AVENUE AT 36TH STREET
NEW YORK

July 1 ..... 1 to 44
July 8 ..... 45 to 84
July 15 ..... 85 to 124
July 22 ..... 125 to 164
July 29 ..... 165 to 202
Aug. 5 ..... 203 to 244
Aug. 12 ..... 245 to 282
Aug. 19 ..... 283 to 322
Aug. 26 ..... 323 to 362
Sept. 2 ..... 363 to 406
Sept. 9 ..... 407 to 446
Sept. 16 ..... 447 to 486
Sept. 23 ..... 487 to 526
Sept. 30 ..... 527 to 564
Oct. 7 ..... 565 to 608
Oct. 14 ..... 609 to 648
Oct. 21 ..... 649 to 688
Oct. 28 ..... 689 to 728
Nov. 4 ..... 729 to 772
Nov. 11 ..... 773 to 812
Nov. 18 ..... 813 to 854
Nov. 25 ..... 855 to 894
Dec. 3 ..... 895 to 938
Dec. 9 ..... 895 to 938
Dec. 16 ..... 981 to 1020
Dec. 23 ..... 1021 to 1060
Dec. 30 ..... 1061 to 1100

A

ACCIDENTS AND ACCIDENT PREVENTION
Group accident prevention e126
Industrial accident prevention conference meeting at Washington n158
Motor vehicle accidents:
Connecticut's recording bureau shows little improvement in decrease of motor vehicle accidents e408
Acetylene gas used in removing tar from conduit for the Marin Municipal Water District j*435
Acetylene generators (Bastian-Blessing Co.) n*199
Acoustics improved by use of a new plaster (Riverbank Laboratories) 161
Aerial photography:
Florida development at Boca Raton, aerial surveys lend confidence on hastily organized job. K. Riddle *1072
High altitude photographs by army engineers 192
Aerial surveys. (See Surveys and surveying.)
Aeronautics:
Lighting units for airways ordered by Commerce Department n396
Albany, N. Y.:
Terminal planned to cost $3,000,000 ..n518
Water supply, additional plan for new system adopted n520
Albuquerque, N. M., patching pavement cuts by contract 134
Algae and weeds in lakes at Madison, Wis., treatment to eliminate. Domogalla *950
All-western road show held at San Francisco n234, n684

AMERICAN ASSOCIATION OF ENGINEERS
President of United States, engineer endorsed by A. A. E. n926
Steinman, Dr. D. B., presidential address at Philadelphia meeting e16
American Construction Council:
Annual convention at Cleveland program announced n594
Mortgage bond conference called n846
American Economic Association to discuss regulation of public utilities at St. Louis meeting n1052

AMERICAN ENGINEERING COUNCIL
Federal judges, higher salaries urged by American Engineering Council. D. S. Kimball and E. J. Prindle 1844
Criticism ..... C. A. P. Turner 1048
Ithaca meeting and plan for Federal Department of Public Works n846
American Institute of Consulting Engineers:
Discusses expert evidence n848
Expert witnesses and lawyers, and Judge Hough's talk e940
American Institute of Steel Construction:
Annual convention, White Sulphur Springs 738
American Railway Association:
Signal Section to discuss highway safety at Los Angeles n393
American Railway Bridge and Building Association:
Annual meeting discusses protection of bridges from corrosion, pumps, treated timber n757

AMERICAN ROAD BUILDERS' ASSOCIATION
Road show at Chicago:
Exhibitors total 299 ..... n1096
Free trip for best article n522
Program announced n1054
Preliminary plans completed n726
American Rolling Mills Co., G. M. Verity, president, address at Middletown, Ohio, the price of progress e729

AMERICAN SOCIETY FOR MUNICIPAL IMPROVEMENTS
Annual meeting..n680, e813, 830, n846, n851

AMERICAN SOCIETY FOR TESTING MATERIALS
Annual convention for 1927 announced n886
Annual meeting at Atlantic City, N. J.:
Steel study prominent e20
Concrete and cement papers at e20
Fulweiler, W. H., president, address on care of detail in testing and specifying materials 54
Gibbony, J. H., elected president n*32
Portland cement, strength specification, new, to be voted on e2
Steel, sulphur and phosphorus effect report at annual meeting *25 e45
American Society of Agricultural Engineers, meeting at Lake Tahoe n79

AMERICAN SOCIETY OF CIVIL ENGINEERS
Philadelphia meeting, mostly historical reviews n479, 629
Expulsion of two members, reasons should be given out e245
Medals and prizes awarded by society at Philadelphia meeting n593
Board of Direction meeting in Philadelphia n593
Seattle Meeting:
Board of Direction action on professional practice and aid to research n116
Lumbering symposium, and highway, power, structural, construction, irrigation and sanitary division discussions e125, 147
Stevens, John, leads in second balloting n357
Surveying Division, attendance at meeting of division at Philadelphia convention. C. T. Johnston l718
American Society of Mechanical Engineers, annual meeting n78
American Telephone and Telegraph Co., plant engineering *612

AMERICAN WATER WORKS ASSOCIATION
Annual convention for 1927 announced..n681
California Section, San Diego meeting n393, n804
Florida Section formed n974
American Welding Society:
Annual meeting and exhibit n888
Anemometers:
Florida hurricane:
Wind velocities and Robinson anemometers 947
Ants, flying or termites:
Building damage in United States and Bureau of Standards tests. T. E. Snyder 1436
Damage to buildings, Illinois, Canal zone, etc., and their elimination... *267

*Illustrated; a, abstracts; e, editorials; j, job and office; l, letter; n, news

Aqueducts:
Los Angeles aqueduct above Haiwee reservoir damaged by flood n925
Pile hammer breaks up aqueduct masonry obstructing sewer construction in Jamaica, Long Island, New York ...j*717
Arbitration guide to be published by American Arbitration Association n230
Architects:
Non-registered architects, decision against architect in Detroit *751
Argentinian comes to United States to study power plants and flood control ..n760
Army:
United State army completing plans for new buildings at military posts n478
Asphalt:
Dust collector and air washer for asphalt paving plant at Flint, Mich., devised by H. C. McClure, city engineer j*714
Asphalt Association:
Annual convention in Washington n644, n845
Associated Business Papers, Inc.:
Felker, F. M. appointed managing director n1055
Associated Equipment Distributors to publish quarterly bulletin n890

ASSOCIATED GENERAL CONTRACTORS

Executive board, advisory board, president's council, etc., to meet at Kansas City n438
Kansas City six-day board meeting, discussion of day labor, surety bonding, lien laws and quantity surveys ..c609, 632
Mixer Manufacturers' Bureau:
Governors Board elected n34
Association of State Highway Officials:
Convention at Pinehurst 834
Aurora borealis's influence on magnetic needle. J. H. Burleigh .....l 756
O. H. Tripp l1048
Automobile registration:
Registration of motor vehicles in United States, and relation to average income *500
Automobiles:
Afghanistan and United States compared e283

B

Backfilling:
Boom type backfiller as a Fordson attachment. (Baker Steel & Machinery Co.) n*319
Baldwin Locomotive Works, plant engineering *612
Baltimore, Md.:
Municipal building contract awarded .n*1013
Barge, coal-handling, of light weight, with structural steel framework *59
Belt conveyors:
Concrete handled by portable belt conveyor, 85 cu.yd. per hour (Northern Conveyor Mfg. Co., used by Chicago Sanitary District) n*891
Bermuda damaged by tropical hurricane. F. E. Barnes 829
Bins:
Tile bin, patented, incorporates conveying system (Stearns Conveyor Co.). .n*198

BONDS

American Construction Council calls mortgage bond conference n846
Improvement bonds, slow movement in July n361
Public works bond issues approved Nov. 2. .....n805

BOOK REVIEWS

American Concrete Institute: Proceedings 111
Applied elasticity (S. Timoshenko), reviewed by G. Paaswell 112
Architectural construction. Vol. 11: Analysis of structural design of American Bldg. (W. C. Voss and E. A. Varney) Book 1. Wood construction 311
Betriebswissenschaft—"Uberblick" über das lebendige schaffen des bauingenieurs (M. Mayer), reviewed by I. Gutmann 474
Bewegliche Brucken. II Teil, dreh. hub und rollbrücken (L. Hotopp) 1006
Bewegung des wassers und den dabei auftretenden kraften (A. Koch.) reviewed by E. W. Schoder 675
Business annals (W. L. Thorp and W. C. Mitchell) 674
Colorado River compact (R. L. Olson) .. 472
Columbia River unveiled (M. J. Lorraine) 840
Concrete designers' manual (G. A. Hool and C. S. Whitney) 840
Delaware River bridge connecting Philadelphia, Pa., and Camden, N. J., building of (C. Carswell) 475
Design of concrete structures (L. C. Urquhart and C. E. O'Rourke) 840
Disease prevention (H. H. Waite) 309
Druckrohrleitungen (F. Bundschu and A. Ludin), reviewed by I. Gutmann.. 674
English applied in technical writing (C. W. Park) 310
Ethics of business (E. L. Heermance).. 309
Genauigkeitsgrad von fluegelmessungen bei wasserkraftanlagen (A. Staus), reviewed by I. Gutmann 840
Government of American cities. (W. B. Munro) 473
Guide to Swiss hydraulic developments (Association for Utilization of Hydraulic Power) 1005
Highway curves and earthwork (T. S. Hickerson) reviewed by G. N. Lamb .. 308
Hydraulics (J. N. LeConte), reviewed by J. H. Gregory 309
Industrial Psychology (C. S. Myers).... 111
Industrial safety organization (L. A. DeBlois) 842
Introduction to reinforced-concrete design (H. Sutherland and W. W. Clifford).. 840
Jorgensen (T. Tupper) 310
Mathematics for engineers (R. W. Dull) 311
Metallurgy of steel and cast iron (W. E. Woodward) 310
Modern telpherage and ropeways (H. Blyth) 1006
Movable Bridges (O. E. Hovey), reviewed by H. C. Baird 110
New leadership in industry (S. A. Lewisohn) 473
Original Ohio land subdivisions, vol. III, final report (C. E. Sherman), reviewed by J. M. Weed 310
Phototopography (A. L. Higgins) 673
Port of New York (three parts bound separately) 473
Ports and terminal facilities (R. S. MacElwee) 474
Railway track and maintenance (E. E. R. Tratman), reviewed by R. B. Robinson 1005
Saturated civilization (S. Mendelsohn) 111
Society of Automotive Engineers handbook, March, 1926 311
Solving sewage problems (G. W. Fuller) 673
Staumauern: theorie und wirtschaftlichste bemessung (N. Kelen), reviewed by F. A. Noetzli 308
Steam turbines (G. Belluzzo, trans. A. G. Bremner) 842
Steel I-beams haunched in concrete (O. Gillespie and R. C. Leslie) 1006
Theory of water hammer (L. Allievi, trans. by E. E. Halmos), reviewed by J. H. Gregory 675
Transport aviation (A. Black) 311
Transportation—Yale University survey (V. Topping) 473
Wasserkraft-jahrbuck, (K. Dantscher and C. Reindl) 1006
Waterworks administration (British) (W. W. Parsons) 841

BOSTON, MASS.

Paving fraud indictment against J. Atwood and Warren Brothers and Central Construction Co. n517
Snow removal, sixty trucks to be purchased n644
Subway extension, contract let for third section n439
Water Supply, Construction Commission. Two lawyers appointed n283
Winsor, F. E., appointed engineer. .n438
Bowers, N. A., Stanford University confers Ph.D. degree n30
Breakwaters:
California breakwaters at Santa Barbara and Bluff Cave to be built n30
Long Beach, Calif., moles built by novel method *84

BRICK AND BRICKWORK

Bricklaying by machine in Scotland. (Sir William Arrol & Co., Ltd.) n*81
"Concrete" and "brick" commercialized definitions e284
Grooved brick pavement for grades in Tokyo, Japan. H. Sakakibara.....*945
Thickness:
Tests by U. S. Bureau of Public Roads show 2-in. and 2½-in. brick will carry heavy traffic 660

BRIDGE ACCIDENTS

Curb climbing by automobile, case of car held by pipe rail on S-bridge. C. R. Harte 174
Oakland Calif., wrecked estuary bridge rebuilt *184
Suspension span turnbuckle fails, six killed in West Virginia, report by J. M. Clark n194
Washington, D. C., Connecticut Ave. viaduct railing broken by car ...e774, n806

BRIDGE CONSTRUCTION

Clackamas River bridge in Oregon, old timber bridge used for erecting steel arch. H. F. Blood *466
Cleveland, Ohio, Hilliard Road bridge in parkway system, old arch falsework used, and other features. A. M. Felgate *874
Crooked River steel-arch bridge in Oregon, jacks in tie-back aid final closure ..j*880
Dumbarton toll bridge on San Francisco Bay, spans towed to site for bridge erection *868
Feather River railroad bridge at Storrie, Calif., falsework partly composed of bents suspended from abutments. D. McFarland and H. C. Wood j*1044
Floating concreting plant for pouring deck of Ross Island bridge across Williamette River at Portland, Ore. .j*1046
Fort Snelling-Mendota bridge, novel method used in building long concrete arch bridge. W. H. DeButts *621
Mexican highway bridge over Amacazac River, formwork supported by heavy I-beams. P. K. Schuyler j*962
Portland, Ore., Vista Ave. bridge, concrete arch replaces steel viaduct ...*942
Robert St. bridge, St. Paul, construction lessons .....e774, J. F. Greene *785
Ross Island steel arch bridge at Portland, Ore., closure of arch effected with temperature changes j*796

BRIDGE DESIGN

Bascule bridges:
Track castings for rolling-lift bascule bridges j*878
Concrete slab depth and relation to high strength concrete versus compressive reinforcement. M. Hirschthal 954
Curbs and railings of concrete as protective devices. C. A. Mead e*1009
Expansion bearing, three plates of bronze, for concrete beam bridges j*70
Lane loading of highway bridges, shear formulas. C. M. Strahan *464
Philadelphia-Camden bridge, history of project, special features and erection e527, *530, *578
Pin bearings of steel in concrete girder bridge at Mitchell Avenue in Cincinnati *135
Pittsburgh, Pa., Seventh St., self-anchored suspension bridge erected by cantilever method. V. R. Covell *502
Railway:
Drainage system for concrete bridge floors, used in Seattle j*964
Rigid-frame concrete bridges, economy and deflections of rigid-frame concrete bridges .....l 273
Rigid-frame girder span in mountain highway bridge over Tokul Creek, Washington *68
Robert St. Bridge across Mississippi River at St. Paul. W. E. King and R. C. Jones *732
Ross Island bridge across Willamette River:
Bearing plates of steel for large concrete gorders j*963
Three-plate expansion bearings. G. Jacobi .....l *193

Bridge engineering:
California to hold examination for bridge engineer n887
Bridge removal and repair:
Klamath River bridge in California, concrete defective, patching and jacketing (Douglas Memorial bridge) *1080
Rio de Janeiro, Brazil, overcrossing bridge dismantled on suspension supports. C. J. Seibert *15
Bridge renewals:
American Falls, Idaho, bridge of Union Pacific R.R., over Snake River, steel railroad bridge raised 21 ft. under traffic *1034
Great Northern Ry., Granite Gulch viaduct, reinforcing of structure under traffic *788
India, Upper Sone bridge, cantilever traveler used to erect deck trusses...j*799

BRIDGES

American Falls, Idaho, bridge of Union Pacific R.R. over Snake River, steel railroad bridge raised 21 ft. under traffic *1034
Arch bridges:
Ross Island bridge at Portland, Ore., Steel arch closure effected with aid of temperature changes j*796
Steel-arch bridge, Crooked River, Oregon, jacks in tie-back aid final closure j*880
Arthur Kill bridges, Staten Island to New Jersey, Elizabeth to Howland Hook, and Perth Amboy to Tottenville ("Outerbridge crossing"), general design of two bridges *346
Bills for two bridges total over $4,000,000 .....n357
Bascule bridges:
Chicago, Ill., four bascule bridges under way n440
Illinois Central R.R. bridge over Little Calumet River, bascule bridge with all mechanism below the deck *666
Track castings for rolling-lift bascule bridges j*878
Wabash R.R. bascule bridge over Rouge River near Detroit, repairing a sleeve at bearing 543
Bearings:
Three-plate expansion bearings. G. Jacobi. .....l *193
Charley Creek bridge, Sacramento Canyon:
Concrete finish of grout calcium chloride 665
Opened to traffic n*393
Chesapeake Bay bridge above Baltimore, Congress action required n974
Chicago, Ill., four bascule bridges under way n440
Cincinnati, Ohio, Mitchell Ave. concrete girder bridge has steel pin bearings.. *135
Clackamas River bridge in Oregon, old timber truss bridge used for erecting steel arch. H. F. Blood *466
Cleveland, Ohio, Hilliard Road bridge, in city parkway system, construction, and features of arches. A. M. Felgate ...*874
Columbia River bridge, Rainier to Longview, clearance of 175 ft. recommended 595
Concrete:
Expansion bearing, three plates of bronze, for concrete beam bridges j*70
Hilliard Road bridge, Cleveland, Ohio, parkway system, construction and features of arches. A. M. Felgate *874
Pin bearings of steel in concrete girder bridge at Mitchell Ave. in Cincinnati *135
Portland, Oregon, Vista Ave. bridge, concrete arch replaces steel viaduct. *942

Robert St. Bridge across Mississippi River at St. Paul. W. E. King and R. C. Jones, and J. F. Greene *732, *785
Schenectady-Scotia bridge, curved arch spans (called "western gateway bridge.") 343
Culvert pipe, corrugated, used in quick bridge replacement in Maryland j*270
Drawbridges:
Chicago's interfering drawbridges....e323
Duluth-Superior toll bridge planned....n641
Dumbarton toll bridge on San Francisco Bay, spans towed to site in bridge erection *868
Feather River railroad bridge at Storrie, Calif., falsework partly composed of bents suspended from abutements. D. McFarland and H. C. Wood j*1044
Fort Snelling-Mendota bridge, novel methods used in building long concrete arch bridge. W. H. DeButts..*621
Bridge formally opened n806
Gasoline engine unit for bridge operation (Earle Gear & Machine Co.) n*851
Great Northern Ry., Granite Gulch viaduct, reinforcing of structure under traffic *788
High bridge, New York City, bids opened for reconstruction n*520
Highway:
Louisiana highway between New Orleans and Hammond, creosoted timber trestles *918
Louisville, Ky., R. Modjeski and F. M. Masters to make preliminary study and report n721
Oregon, annual costs of highway bridges by C. B. McCullough *499
Hilliard Road bridge over Rocky River gorge near Cleveland, Ohio, dedicated. n30
Construction and features of arches. A. M. Felgate *874
Hudson County, N. J., Boulevard bridge plaza opened to traffic n1011
Hudson River, Fort Lee bridge.
Bids called by New York Port Authority on first instalment of work under bond issue of $20,000,000 ..e814, n847
New York Port Authority sells bonds and bridge is assured e989, n1011
Illinois Central R.R. bascule bridge over Little Calumet River, near Riverdale, with all mechanism below the deck..*666
Illinois River bridge at Florence, Ill., with lift span 917
India, Upper Sone bridge, cantilever traveler used to erect deck trusses ..j*799
Klamath River bridge in California:
Concrete deterioration due to poor concreting, proposed repair of bridge n232, *1086
Lake Champlain bridge, bids opened for borings for bridge sites n118
Lift span bridges:
Illinois River bridge at Florence, Ill., with lift span 917
Louisville, Ky., defeat of bond issue for Ohio River bridge n845
Louisville, Ky., highway bridge over Ohio River, R. Modjeski and F. M. Masters to make preliminary study and report n721
Merced River in California, bridge at Exchequer dam a spectacular job...*183
Mexican highway bridge over Amacuzac River, formwork supported by heavy I-beams, P. K. Schuyler j*962
Minneapolis, Minn., Third Ave., bridge, Concrete Steel Engineering Co. 1476
Minneapolis and St. Paul, Minn., six concrete arch bridges *370
Mississippi River bridges
New Orleans bridge (six miles from city) contract drawings and advisory board n440
Wisconsin-Iowa bridge project n440
Navigable waterway bridges listed in book by Corps of Engineers n480
Newark Bay bridge of Central R.R. of New Jersey, Accuracy in cutting piles under water j*73
Bridge in use n925
Oakland, Calif., wrecked estuary bridge rebuilt *184
Ohio River bridge at Gallipolis, of suspension type, work begun n1052
"Outerbridge Crossing." (See bridges, Arthur Kill.)
Pennsylvania, century-old bridges and their construction *379
Perth Amboy, N. J., to Tottenville, Staten Island, "Outerbridge Crossing" bridge, general design *346
Philadelphia:
Schuylkill River, Philadelphia to build two bridges n231
Philadelphia-Camden bridge:
Building the Delaware River bridge (C. Carswell), book review 475
History of project, financing, design, special features and construction e527, *530, *578
Modjeski, R., designer n*77
Monument to engineering skill e46
Opened to traffic n*77
Tolls average $200,000 monthly n803
Pittsburgh, Pa.:
Point bridge, fifty years from old to new n804
Ninth St. bridge opened n923
Seventh St. self-anchored suspension bridge erected by cantilever method V. R. Covell *502
Three bridges, progress n480
Pontchartrain, Lake, Bridge:
Five-mile concrete trestle contract let.n478
Ford, Bacon & Davis engineers on design n558
Mississippi and Louisiana commissions and Bureau of Public Roads controversy n803
Portland, Ore.:
Vista Ave. arch bridge, "duck boards" useful in pouring concrete bridge floor j*716
Construction, concrete arch replaces steel viaduct *942
Railway:
Chesapeake & Ohio R.R. bridge at Cincinnati, clearance of span n974
Drainage system for concrete bridge floors, used in Seattle j*964
Raritan River Bridge at Perth Amboy dedicated n30
Rio de Janeiro, Brazil, overcrossing bridge dismantled on suspension supports. C. J. Seibert *15
Robert St. Bridge across Mississippi River at St. Paul. W. E. King and R. C. Jones *732
Construction lessons. e774, J. F. Greene *785
Ross Island bridge across Willamette River:
Bearing plates of steel for large concrete girders j*963
Floating concreting plant for pouring deck slab j*1046
Steel arch closure effected with aid of temperature changes j*796
St. Lawrence River bridge proposed, site near Brockville, Ont. n1093
St. Paul and Minneapolis, Minn., six concrete arch bridges *370
San Francisco Bay:
Dumbarton toll bridge near south end of San Francisco Bay, construction, spans towed to site *868
Hunter's Point, bridge north of, decision delayed n196
Navy opposes bridge north of Hunters Point n481
Policy change extends function of engineer board appointed in October..n923
Projects proposed total 17, n720 Correction n846
Supervisors hold transbay bridge hearings n274
Two more bridge projects n757
Schenectady-Scotia bridge, curved arch spans (called "western gateway bridge.") *343
Schuylkill River, Philadelphia to build two bridges n231
Staten Island, N. Y., Arthur Kill bridges, Perth Amboy-Tottenville, Elizabeth, Howland Hook, contracts let n230
Suspension:
Ohio River bridge at Gallipolis work begun n1052
Philadelphia-Camden bridge, history of project design, special features, and erection e527, *530, *578
Pittsburgh, Pa., Seventh St. self-anchored suspension bridge erected by cantilever method. V. R. Covell.*502
Susquehanna River bridge, Havre de Grace to Perryville, upper roadway to be added and other changes n885
Sydney harbor bridge, Australia, large testing machine built in England for member tests e*468
Tokul Creek highway bridge, Washington, rigid-frame girder span..... *68
Toll bridges:
American Association of State Highway Officials' resolution against present attitude and manipulation on highway toll bridges e897, 911
Defense of private toll bridges, J. E. Greiner, W. R. Davis, T. MacDonald, and J. K. Ostrander....l1088
Delaware River bridge at Portland, a private toll bridge, bought by state of Pennsylvania n806
Duluth-Superior toll bridge planned...n641
Dumbarton toll bridge, on San Francisco Bay, construction *868
Federal aid to highways including toll bridges ruling by U. S. Controller General McCarl that no aid can be given n803
Philadelphia Camden bridge tolls average $200,000 monthly n803
Philadelphia-Camden bridge. (See Bridges, Philadelphia-Camden.)
Pontchartrain, Lake, bridge, Ford, Bacon & Davis engineers on design .n558
(See Bridges, Pontchartrain.)
Seattle lacks authority to grant franchise for Lake Washington toll bridges n887
Twin Cities, Minneapolis and St. Paul, six concrete arch bridges *370
(See Bridges, Minneapolis, Robert St., St. Paul, etc.)
Willamette River bridges, Portland, Ore. n*231
Bucket conveyers. (See conveyors.)
Buffalo, N. Y.:
City hall, new, to be built n394
Port project work starts n356

BUILDING

"Building" not "construction."..... e856
Materials for building. (See Construction, materials.):
Permanence of modern city building prophesied at American Construction Council meeting 864

BUILDING ACCIDENTS

Oakland, Calif., residences wrecked by earth slide. e773, C. R. Hunt *782
Wheaton, Ill., bank building excavation wrecks adjacent building n316
Building codes. (See Building laws and regulations.):

BUILDING CONSTRUCTION

Cathedral of St. John the Divine, construction of vaulted stone roof from steel staging e487, *490
Du Pont company construction, in engineering in industry 824
Eastman Kodak Co. construction, in engineering in industry 824
Graybar Building, New York City, derrick attached to building column by special seating casting j*878
Great Atlantic & Pacific Tea Co., in engineering in industry 824
Massachusetts Institute of Technology to teach building construction n972
Pasadena, Calif., city hall, one set-up for derrick j*271
Permanence of modern city building prophesied at American Construction Council meeting 864
Plant layout:
Macy Warehouse, Long Island City, cost and time reduced by use of auxiliary mixing plant. M. Leafgreen and J. J. Lindon *426
Savoy Plaza Hotel, New York City, foundation work plant layout *574
Rapidity of erection of concrete or steel buildings:
Mortality due to obsolescence a further factor in favor of steel buildings. A. T. North 1391
New York City buildings, also Fort Snelling-Mendota bridge. C. A. P. Turner l*313
Security building, Denver, Colo., of reinforced concrete, erected in few weeks. W. W. Wheeler l*476
Replacement costs of an office building erected in 1914, figured on 1925 basis n*810
Savoy-Plaza Hotel, New York:
Piers sunk by varying air methods....*506
Plant arrangement compact for building foundation *574
Reflector developed for night work.j*432
St. Louis building halved in street widening plan. S. W. Bowen *698
Welded steel frames:
Decatur, Ill., Mississippi Valley Structural Steel Co. 333
Pearl City Boiler Co., Jamestown, N. Y. 333
Tottenham, England, are welded building, and other welded structures. A. M. Candy *660
(See Welding.)

BUILDING DESIGN

Acoustics improved by use of a new plaster (Riverbank Laboratories) n161
Bermuda hurricane, effect on stone block structures 829
Catenary principle applied to roof design. M. Elizondo *1071
Columbus, Ohio, steel frame office building of American Insurance Union, 555½-ft. tower *287
Cottages with steel frames constructed by Toledo builder *97
Cuba hurricane, effects on buildings. I. W. McConnell and A. J. Hammond..*753
Detroit Towers, concrete 19-story apartment building. W. F. Zabriskie and W. S. Wolfe *458
Doors, large sliding, for Ryan laboratory at Stanford University e304
Floors:
Arch joists basis of new floor construction (Structural Specialties Co.) n*645
Florida hurricane lessons:
Fort Lauderdale damage and lessons. G. R. Solomon 627
General lessons. F. E. Schmitt *586
Hollywood buildings show poor construction in roofs and walls. G. M. Beerbower 752
Lateral resistance lessons. e611, F. E. Schmitt *624
Wind action e567
Wind velocity measurements should be given in pounds of pressure e731
Larkin tower building of 108 stories in New York City, building plan announced, editorial comment on possible high building absurdity n*1051
New York Telephone Co.'s Barclay-Vesey Building, deep caisson cellar wall braced by floor steel before erection of columns. C. S. Proctor *208
Printing press live-loads factor in building design. E. L. Ververer *792
Richmond power station, Philadelphia, architectural development and use of silicon steel, e447, F. N. Kneas *450
Roanoke Tower Building, Chicago, long cantilevers carry upper 16 stories....*993
St. Louis, Mo., Ambassador Theater, trusses carry 11-story office building over theater *102
Steel-frame buildings:
Cottages with steel frame constructed by builder of Toledo, Ohio *97

BUILDING FAILURES

Knickerbocker Theater, Washington, D. C.:
Architect not responsible in damages for deaths in 1922 collapse of theater 386
Steel contractor not liable for deaths in 1922 collapse 291, e363
Milwaukee limits building heights.... 573
Washington, D. C.:
Building inspectors now required during erection n157

*Illustrated; a, abstracts; e, editorials; j, job and office; l, letter; n, news

BUILDING LAWS AND REGULATIONS

Building codes:
New Orleans, La., plan followed in writing new building code. F. A. Muth 1038
Zoning. (See City planning.)
Building Trades Department of American Federation of Labor to meet in Pittsburgh n925

BUILDINGS

Albany, N. Y., state office building:
Bids to be called n439
Planned as 26-story building n275
Argyl Building, Kansas City, concrete made with light-weight aggregate ... *184
Baltimore, Md., municipal building contract awarded n*1013
Barclay-Vesey Building. (See Buildings, New York Telephone Co.)
Canadian Celenese Co. manufacturing plant at Drummondville, Quebec, contract let n277
Columbus, Ohio, steel frame office building of American Insurance Union. 555½ ft. tower *287
Cottages with steel frame constructed by builder of Toledo, Ohio *97
Detroit Towers:
Concrete 19-story apartment building. W. F. Zabriskie and W. S. Wolfe .. *458
Loading for various portions of building. J. R. Ryckman and W. S. Wolfe ..... l 718
Planned as 875-ft. office building. n118
Federal buildings plan. (See U. S. Government.)
Graybar Building, New York City, derrick attached to building column by special seating casting j*878
Harris-Newark Building, Los Angeles, concrete strength made uniform by careful proportioning e246, e258
Industrial:
Cane-sugar mill and plantation in Florida *260
Machine tool factory of G. A. Gray Co., Cincinnati, Ohio, steel-frame design *375
Truck and bus service station at Long Island City (Mack Trucks, Inc.). *88
Warehouses:
Montreal port terminal warehouse. . n115
Larkin tower building of 108 stories in New York City, building plan announced, editorial comment on possible high building absurdity e1022, n*1051
Mystic Iron Works, Everett, Mass., Constructing heavy foundations in a salt marsh. G. W. Maker *185
New York Edison Co. steam power plant on East 14th St., New York City, foundation construction. ... e895, *898
New York Life Insurance Co. building on old Madison Square Garden site, New York City, digging a million dollar cellar and disposal plan. M. F. McKenna *5
New York Telephone Co.'s Barclay-Vesey Building, deep caisson cellar wall braced by floor steel before erection of columns. C. S. Proctor *206
Nippon Electric Co., Japan, plans $2,000,000 building n274
Oakland Motor Co. building at Pontiac, Mich. n274
Pasadena, Calif., civic center building, mat of reinforced concrete for foundation. M. J. Phillips j*72
Railway buildings. (See Railway Stations; Railway structures; Railway terminals.)
Roanoke Tower Building, Chicago, long cantilevers carry upper 16 stories *993
St. Louis, Mo.:
Ambassador Theater Building, trusses carry 11-story office building over theater *102
Lesser-Goldman building, of concrete, halved in street widening plan. S. W. Bowen *698
Savoy-Plaza Hotel, New York City:
Flood lighting for night work j*637
Piers sunk by varying air methods .. *506
Plant arrangement compact for building foundation *574
Security Building, Denver, Colo., rapid erection. W. W. Wheeler ..... l *476
Stanford University, Ryan laboratory, large sliding doors *304
Steel-frame:
Cottages with steel frame constructed by builder of Toledo, Ohio *97
Welding of steel frames of buildings. (See Building construction; and Welding.):
Westinghouse building at Sharon, Pa. arc-welded, contract let n275
Buses:
Bus, with gas-electric motor, uses aluminum construction (Westinghouse) . . n*199
Survey, nation wide, of uses of buses begun in Chicago n232
Business:
Evolution of business 1903-1926 shown graphically n*727
New England business conditions, **Engineering News Record's** statistics for 14 years n*979

C

CABLEWAYS

Electrical cableway specifications for construction work. R. F. Emerson . . j1046
Mast for slackline cableway (Sauerman Bros.) n*483
Philadelphia stadium, cableway handles forms *256

CAISSONS

New York Telephone Co.'s Barclay-Vesey building, deep caisson cellar wall braced by floor steel before erection of columns. C. S. Proctor *206
California to hold examination for bridge engineer. n887

CANALS

Alamo canal, bottom recession. G. G. Sykes *69
All-American canal, Great Lakes to Hudson:
Army engineers report adverse to this canal 1002
Army Engineers report opposing canal submitted to Congress n973
Board of Engineers for Rivers and Harbors confirms previous report that All-American canal is not feasible n848
Why an engineering report is needed. e1023
Boulder (or Black) Canyon dam, canal and plant reported favorably in House n1092
Cape Cod Canal, purchase voted on by U. S. Senate n1094
Chesapeake and Delaware canal:
Completion near n276
Dredging clearance work to start n316
Erie Canal:
Centenary e565, n*595
Georgian Bay canal revised scheme opposed n478
Marseilles Rhone canal, Rove ship tunnel completed n*439
New York State Barge canal:
Accounting to show savings will overtake costs; and editorial disagreement, e408, M. W. Williams 428
Board, non-political, proposed for control of barge canal. n682
Costs of raising bridges n477
Depth of canal, original and modified. E. C. Moore ..... l 800
Economies. M. W. Williams ..... l 677
Freight costs higher than by rail n321
Panama canal:
Dredging projects to improve the canal. R. Z. Kirkpatrick *1081
Traffic for fiscal year 1926 analyzed by classes and countries. 658
Salt River project:
Canal lining job done at low cost and high speed *52
Cathedral of St. John the Divine, construction of vaulted stone roof from steel staging e487, *490
Catenary principle applied to roof design. M. Elizondo *1071

CEMENT

American Society for Testing Materials, cement and concrete papers at annual meeting e*21
Import of cement and the cement standard e857
Import of cement, protest by cement manufacturing industry n851
Pennsylvania-Dixie Cement Corp. a merger of Dexter and Dixie and Clinchfield cement companies n598
Setting time indicated by apparatus designed at University of Minnesota. A. A. Jakkula *66
Specifications for portland cement:
Strength of specification, new, to be voted on by American Society for Testing Materials e*2
Chain Belt Co., erecting new engineering building ..... .

CHICAGO, ILL.

Bond issue of $15,000,000 for streets. . n805
Chicago River, straightening project planned and approved and construction to begin e729, *745
Drawbridge interference with street traffic e323
Engineers, municipal, strike:
Engineers gain salary increase, following strike n75, n519
From gesture to blow e87
Justification is that other means failed. Non-city engineer ..... l 193
"Union route," why it was taken. P. C. McArdle ..... l 228
Parking survey by Chicago Association of Commerce, some conclusions. a867
Plan Commission advocates elevated highways and some harbor works. . n806
Rail terminals clog street traffic at Chicago 992
South Water St., or Wacker Drive, opened to traffic e650, *759
Rapid transit, assessment plan proposed. n1094
Street traffic survey report n557
Subways:
Another Chicago subway plan n393
Wacker Drive, or South Water St., opened for traffic e650, *759
Water supply:
Billion gallons a day exceeded e204
Chicago Regional Planning Association:
Cook County, Ill., large mileage of wide roads proposed n558
Plan commission advocates elevated highways and some harbor works. . n806
Superhighway plan contest for Chicago environs announced n759

CHICAGO SANITARY DISTRICT

Chicago Association of commerce report on expenditures n395
States suit against diversion of water from Great Lakes:
New York joins Michigan and other states in suit n682

CHICAGO'S DIVERSION OF WATER FROM GREAT LAKES

Joint Board of Engineers' report of November, on report of 1921 ..... e895, 906
States suit against Chicago Sanitary District:
New York joins Michigan and other states in suit n68
New York State granted permission to participate in hearing before Hughes n9
Supreme Court hearing, with Charles E. Hughes as special master e81
Chimney building practice—D. K. Boyd, in *Quarterly* of National Fire Protection Association 47

CINCINNATI, OHIO

Bond program of $60,000,000. ..... e285
Engineers Club has new quarters n27
Rail and river terminal *334

CITY MANAGER PLAN

Ashtabula, Ohio, votes against making city manager elective n887
Minneapolis, Minn., voters snow under the council-manager plan n31, e46
Oklahoma City to vote on city manager plan n680
Seattle to vote on manager plan next November n275
Stockton, Calif., city manager salary of $20,000 approved by voters n847
Wheaton, Ill., city manager plan proposed n1013

CITY MANAGERS' ASSOCIATION

Annual meeting at Philadelphia to be largely historical n479

CITY PLANNING

New York City Planning Committee, creation and opportunities e127
(See New York City.)
Parking. (See Streets.)
Smokeless garden village near London, England 331
Streets and intersections. (See Municipal engineering: Streets.)
Subdivisions. (See Municipal engineering.)
Wichita, Kansas, city plan gets no dust on it 813, 830
Zoning:
Building codes as aid to zoning 1353
House widths, relation of zoning ordinances, and proposed Altoona, Pa., ordinance. A. Richards 1078
New Jersey zoning—Elizabeth plan . . e126
Rhode Island state supreme court upholds city planning n78
U. S. Supreme Court upholds zoning in decision in case of Euclid, Ohio. n888, e895, 916
Euclid, Ohio, case, decision welcomed by many states e981

CIVIL SERVICE

Minneapolis debate on civil service question e204
Seattle city engineer a convert to civil service 1352

COAL HANDLING

Electric coal-car dumper handles 120-ton carloads, New York Central R. R. machine at Toledo *706
Coffin, Charles A., death e165
Colorado Springs, Colo., city engineering . . 17
Columbia River commission holds first meeting at Spokane n157

COLUMNS

Add-area method for columns with eccentric and lateral loads. E. W. Rettger *682
Footings on concrete paved slope. Standard Oil Co. design j*965
Modern column formula based on old tests 1391
Steel column forms assembled with hammer and nails (Washington Steel Form Co.) n*198
Comfort stations in Cook County Forest Preserve District. G. E. Perry *996

COMPRESSED AIR

Air compressors:
Portable compressor electric-driven (Sullivan Machinery Co.) n*978
Hose line for compressed air, placing in steep mountainous country for tunnel for Feather River Power Co. j797

CONCRETE

Age for use of concrete, relation of mix for highest strength. R. T. Giles. . . 510
Alkali, effects on concrete, published by California Portland Cement Co. 150
American Society for Testing Materials, concrete and cement papers at annual meeting e*21
Bitumen content determination in coarse asphaltic concretes chart used in Allegheny County j*512
"Brick" and "concrete" commercialized definitions e284
Calcium chloride in concrete:
Tests at University of Minnesota show how calcium chloride affects concrete. A. S. Levens *214, 414
Colloidal admixture furnished, dry powder in bags (Collay Production Co.) . n*318
Compounds of various kinds to improve concrete e447
Curing:
Calcium chloride in concrete, Minnesota University makes tests showing how calcium chloride affects concrete. A. S. Levens *214, 414

*Illustrated; a, abstracts; e, editorials; j, job and office; l, letter; n, news

Deterioration of concrete in Klamath River bridge due to poor concreting. *1080
Erection of steel and concrete structures, rapidity compared. (See Building construction.)
Floor slabs, precast., of cinder concrete, for small buildings (Non-Burning Building Products Co.) n599
Grouting. (See Concreting, grouting.)
High strength concrete versus compressive reinforcement and relation to bridge slab depth. M. Hirschthal.... 954
Indictment of reinforced concrete in Professor Swain's address in Boston and discussion e1022, 1040
Proportioning. (See Concreting, proportioning.)
Pneumatic placement. McMichael patent again upheld n977
Reinforced concrete—its shortcomings as a material, Professor Swain's address in Boston and discussion e1022, 1040
Robert St. bridge, St. Paul, water reduction in concrete and slump tests, e774, J. F. Greene *785
Sea-water, effect on concrete:
Piles, of concrete, impregnated with asphalt for use in Los Angeles harbor. G. F. Nicholson *990
Piles tested in sea water by Navy at Portsmouth navy yard *373
Setting time indicated by apparatus designed at University of Minnesota. A. A. Jakkula *66
Sulphur treatment:
Drain tile, sulphur treatment does not prevent deterioration in alkali soil.. 334
Heating sulphur-treated concrete and corrosion of reinforcing. E. Walter l 114
Surface hardener in colors for concrete floors (Master Builders Co.) n599
Teredo, effect of (see Marine borers)...n392
Tests:
Piles tested in sea water by Navy at Portsmouth navy yard e*372
Tremie-placed concrete, as for Oakland estuary, stronger than air-cured concrete. W. S. Kinnear ..... l 1048
Workability:
Bureau of Standards tests, new apparatus 955

CONCRETE AGGREGATES

Handling facilitated by bucket elevator (G. A. Zimmerman Co.) n*929
Light weight aggregate, burned clay, used in Argyl building, Kansas City.. *184

CONCRETE MIXERS

Batcher mixer of English construction, for continuous operation (Concrete Equipment, Ltd.) n*852
Cross-wise trucks for mounting building mixer (American Cement Machine Co.) .n*35
Double hose connection speeds mixing. Foster & Creighton Co. j965
Large mixing plant tried out on North Carolina highway work, e856. R. T. Giles *866
Mixer Manufacturers' Bureau. (See Associated General Contractors.)
Paver 10-E adopted by Mixer Manufacturers' Bureau n851
Paving mixer, new in 13-E size (Construction Machinery Co., Waterloo, Iowa n*358
Power unit improved on 28-S mixer (Koehring Co.) n*523
Repair work mixing plant trailer-mounted (Chain Belt Co.) n*1097
Water system for 27-E mixer improved Koehring Co.) n*358
Correction n397

CONCRETE REINFORCEMENT

Reinforcing bars, measuring cross-sections for tests j351
Concrete Reinforcing Steel Institute, meeting at French Lick n596

CONCRETING

Belt conveyor, portable, handles 85 cu. yd. concrete per hour (Northern Conveyor Mfg. Co., used by Chicago Sanitary District). n*891
Finishing:
Highways, concrete. (See Highway construction, concrete.)
Floating concreting plant for pouring deck of Ross Island bridge across Willamette River at Portland, Ore j*1046
Flush tunnel for waste concrete j*271
Formwork:
Anchor tie for concrete forms in small spaces (M. & M. Wire Clamp Co.)..n*1098
Clamp for use on vertical or battered walls (Form Clamp Co.) n*34
Column forms of steel assembled with hammer and nails (Washington Steel Form Co.) n*198
Philadelphia stadium, cableway handles forms e*257
"Gaining water, prevention methods in building small dam on Perkiomen Creek. W. W. K. Freeman e1009
Grouting:
Charley Creek bridge, concrete finish of grout with calcium chloride.... 665
Greentree tunnel of Pittsburgh & West Virginia Ry., repairing old concrete lining. H. H. Temple *865
Guniting:
Basin Creek dam gunited as a protection against ice damage. E. Carroll j*432
Macy Warehouse, Long Island City, cost and time reduced by use of auxiliary mixing plant. M. Leafgreen, and J. J. Lindon *426
Proportioning:
Age for use of concrete, relation of mix for highest strength. R. T. Giles 510
Harris-Newmark Building, Los Angeles, concrete strength made uniform by careful proportioning e246, 258
Water-cement ratio regulator (John G. Ahlers) *160
Water excess in concrete, Robert St. bridge at St. Paul, construction shows value of keeping water content down. e744. J. F. Greene... *785
Water delivery makes long haul of batches economical on Mattituck road, Long Island *335
Winter concreting. (See Construction, winter.)

CONDUITS

Grenoble, France, six meter conduit 1,456 meters long n*117

Conference of State Sanitary Engineers:
Buffalo meeting e14

Conservancy districts:
Du Page River districts organized by several communities west of Chicago.n1052

CONSTRUCTION

Belt Conveyors:
Portable belt conveyor, four new improvements (Jeffrey Manufacturing Co.) n*234
"Building" not "Construction" e856
Cableways. (See Cableways.)
Concrete or steel, rapidity of erection
New York City buildings, also Fort Snelling-Mendota Bridge. C. A. P. Turner ..... l *313
Security Building, Denver. W. W. Wheeler ..... l *476
Cost and volume index for 1925 and 1926 by months n444
Costs:
High construction costs due mostly to high labor wage n*853
Demand for construction in July and August e*326
Equipment. (See Equipment.)
Flood lighting for night construction work (Holophane Glass Co.) n*1097
Force account:
Highway construction, force account for extras, elimination in Georgia. F. M. Garnett 914
Foreign projects of interest to American contractors n*892
Guam Island, construction difficulties... *107
Laborer's interest built up by use of large sign with thermometer record with height increased as construction grows, Johnson-Appleby Co. G. W. Maker j*715
Machinery, cars during winter, rules of Harnischfeger Corp. n1056
Materials:
Canadian and United States prices of construction materials compared ...n*1058
Planning of plant for construction, several plans often considered..... e203
Plant layouts. (See Building construction: bridge construction: dams, etc.)
Progress charts a great aid in co-ordinating operations e730
Protecting the public at construction jobs e407
Research on hydraulic excavation by Puget Sound Co. e324
Sign, with thermometer record increasing as construction progresses, used to build up laborer's interest, by Johnson-Appleby Co. G. W. Maker..... j*715
Sixty biggest jobs of 1926 ..... n*893
Textbooks in construction:
Miami Conservancy District volume cited. C. S. Bennett ..... l 114
Trespassers into construction jobs are increasing problem e85
Wastes in construction:
Small wastes, occurrence and prevention *98
Winter Construction:
Dam construction on the Androscoggin River in Maine *326

CONTRACTING

New York subway contracts, new clause on arbitration on labor wage, complicates contract work e650, n679

CONTRACTORS

Bids and bidding:
Oral bid added to written bid, contract later found illegal, at Masontown, Pa. n52
Highway cost records discussed by Illinois Association of Highway and Municipal Contractors e1022, n1051
New York subway contracts, contractors protest on new clause on arbitration of labor wage, as complicating contract work e650, n679
Responsibility of contractors insured by plan suggested by well-known consulting engineer e690
Sixty biggest jobs of 1926, contractors on them n*893
War camp suits:
Vindication of contractors in war camp construction e1

CONTRACTS

Large contracts, definition of size..... e166
Mistake must be mutual to vitate contract. N. S. Anderson a1004
Sixty biggest jobs of 1926..... n*893

CONVEYORS

Belt conveyor, portable handles concrete, 85 cu.yd. per hour (Northern Conveyor Mfg. Co.) used by Chicago Sanitary District n*891
Kansas City filtration plant construction, bucket conveyor driven by old motor car engine j*155
Cook County, Ill., large mileage of wide roads proposed n558

Copper:
Brittleness of copper wire in flush tank, F. C. Boes ..... l 352

Corpus Christi, Texas, water-works system revamped *133

Corps of engineers:
Gulf division, Colonel Wooten to be in charge n156

Council-manager plan for cities. (See Municipal government.)

Crane Service Association organized n1096

CRANES

Bridge cranes for ore handling at Indiana Harbor (built by McMyler-Interstate Co.) *359
Mounting on six-wheel trucks (Universal Crane Co.) n*929
Steam crawler crane of German manufacture n*763
Truck crane transferable to various mountings (Universal Crane Co.)...n*523
Truck cranes, 6 and 7½ ton capacities (Universal Crane Co.) n*359

Crawler tread designed as truss, used in Cuba and South America (Athey Truss Wheel Co. and Baldwin Locomotive Wks.) n*319

Crusher, ore, largest, installed at Milwaukee (Allis-Chalmers Mfg. Co.) n*1017

Cuba hurricane of Oct. 20, 1926, warnings, wind record, damage, and repairs. I. W. McConnell and A. J. Hammond..... *753
Chimney damage 1002

Culverts:
Crawfordsville, Ind., corrugated iron culverts are thirty years old..... n522

Current meter, German book reviewed by I. Gutmann, and criticism of Price current meter 840
Current meter, Price, defended. K. K. Hoyt ..... l 1010

Cutting torch burning illuminating gas for metal cutting (General Electric Co.)..n*562

D

Dabney, Major A. L., burned to death....n394
Dallas, Texas, projects call for $40,000,000 in bonds n719

DAMS

Androscoggin River in Maine, dam construction in winter e*326
Arch:
Test arch dam on Stevenson Creek. Tests show anomalous distortion. e813, *828
Baffle piers at foot of dam, do they dispel energy? R. F. Ewald and I. C. Steele ..... l *800
Baker River dam in Washington, salmon run taken by fish ladder over 265-ft. dam e649, *652
Basin Creek dam gunited as precaution against ice damage. E. Carroll ....l *432
Boulder (or Black) Canyon dam, canal, plant, bill reported favorably in House n1092
Colorado River dam at Glenn Canyon site 1, Arizona applies for permit n1013
Coolidge dam on San Carlos reclamation project bids, nine, received.....n681, n886
Plans and specifications approved and bids ordered advertised.....n596
Contract for construction awarded to Atkinson-Spicer Co. n973
Cumberland and Tennessee River headquarters of Obed, Big South and Obey Rivers, dams to be under jurisdiction of Federal Power Commission.....n888
Earth dams:
Shrinkage and settlement computation. J. A. Holmes and F. Ferris..... l 516
Engineering Foundation test dam on Stevenson Creek n642
Tests show anomalous distortion. e813, *828
Exchequer dam on Merced River:
Bridge of Yosemite Valley R.R. spectacular job *183
Gates of vertical butterfly design....*344
Failures:
Lake Lanier dam, Tryon, N. C., failure *616
Moyie River dam, Idaho, failure....*616
Welsh dam, Dolgarrog, failure blamed on poor foundation and poor concrete 873
Gates:
Exchequer dam, gates of vertical butterfly design *344
Stoney and radial gates seal, rubber and fabric staunching device *255
Weight of crest gates. H. K. Higgins. l 352
Hydraulic-fill dams:
Shrinkage and settlement computation. J. A. Holmes and F. Ferris..... l 516
Tieton dam, in Washington, puddle core investigations—Goldbeck cell readings, pressure, penetration, and friction. I. E. Houk *544
Lancha dam. (See Water Supply, East Bay District.)
Kentucky River dams, status..... n77
Martin dam at Cherokee Bluffs on Tallapoosa River, construction plant and methods. L. G. Warren *1084
Ohio River dams, progress..... 877
Pacoima dam, concreting started..... n358
Rio Grande dam, on upper river, injunction in litigation over funds n1053
Rochester, N. Y., firm gets contract for Canesadea Creek, highest arch concrete dam in East n974
Salmon run taken over 265-ft. dam on Baker River by fish ladder.....e649, *652

*Illustrated; a, abstracts; e, editorials; j, job and office; l, letter; n, news

San Diego, Calif., votes $2,000,000 for water supply dams n761
San Gabriel dam for flood control:
Progress on project..... n394, n639
Secretary Work dismisses objection to dam site n274
Seals:
Copper seal of improved type as used at Exchequer dam. C. E. Pearce ..j*1045
Flood overtops dam n974
Vertical I-beam action. E. G. Harris..1010
Stevenson Creek dam tests..... e813, *828
Stony Gorge dam in California, earth fault shown in longitudinal movement of dam 791
Swiss dams, Rempen and Schraeh, on Waeggital power development. P. E. Gisiger *410
Tennessee, four power dams on Holston and Watauga Rivers to be subject of hearing before U. S. Engineers..... n440
Tennessee River dams, three proposed..n276
Vegetation growing on gravel dams, tests on dams of Miami Conservancy District. C. H. Eiffert *55
Wichita County irrigation district dam in Texas and water service structures. J. L. Lochbridge *748
Davis, Prof. J. B., Michigan University plans memorial n760
Deakyne, Brig. Gen. Herbert, becomes assistant chief of engineers..... n*31
DeBerard, W. W., joins Chicago Regional Planning Association n157
Denmark, Lake, munitions magazine explosion e125
Navy once more exonerates itself. e247, 263

DENVER, COLO.
Water supply additions needed..... n195

DERRICKS
Pasadena, Calif., city hall, one set-up for derrick j271

DETROIT, MICH.
Bond issue $30,000,000 for water extensions n805
City hall, proposal to have built by Water Board n78
Sewage works, immense new work. e939. n971
Stone curb bill rejected..... n804
Technical societies urge council to act on sewage n233
Diesel engines (See Engines.)
District of Columbia:
Dougherty, P. L., engineer, named commissioner by President Coolidge..... n275
Engineer municipal rulers manage district well. e246
Ditching:
Elk Chute district in Missouri, work record forms used. j*796
Draft tubes. (See hydro-electric power, plants.)

DRAINAGE
Arkansas, drainage projects and flood protection hoped for following new state administration 430
Elk Chute drainage district in Missouri, cooperative district plan and financing, design of ditches, outlets and pumping plant. J. A. Harman *1074
Elk Chute district in Missouri, work record forms used. j*796
Oklahoma, Deep Red Drainage District No. 1 organized..... n156
Porous drainage pipe (Wallace Cement Products Co.) n*978

DRAWING INSTRUMENTS
Cutting out circular paper curves, compass used. j636
Scale combined for engineers' and architects' use on bridge work..... j*515
Table for drafting, demountable..... j*349

DREDGES AND DREDGING
Diesel-Electric hopper dredge in use at Chicago (Construction Materials Co.)..n*443
Miami, Fla., dredging contract n232, n276
Spuds, large, for dipper dredge cut in record time (St. Paul & Tacoma Lumber Co.)..... n*235
Complete construction of dredges in one plant (American Brown Boveri Electric Corp.)..... n80

DRILLS AND DRILLING
Bits:
Machine-made vs. hand-made drill steel bits. n396
Electric drill and pneumatic grinder(Chicago Pneumatic Tool Co.)..... n*121
Electric drill, portable, with ball bearings (Black & Decker)..... n*599
Portable electric drill (Black & Decker)..n*34
Dry Docks:
St. Johns, Newfoundland, concrete dry dock completed in twelve months. William I. Bishop, Ltd. *741
"Duck boards" useful in pouring concrete bridge floor in Vista Ave. bridge at Portland, Ore. j*716
Dump car, new automatic (Koppel Company) n*1057
Dynamiting:
Primer container to safeguard against accidents, used at Webber mine..... j*799

E

EARTH FILL
Hydraulic fill:
Shrinkage:
Florida and Porto Rico cases of shrinkage measurements..... e407
Shrinkage and settlement in hydraulic-fill dams, methods of computing. J. A. Holmes and F. Ferris..1 516
Pacific Highway, section near Vancouver, sluicing heavy highway cuts into adjoining fills. e774, C. W. Meyers..... *776
Earth movement:
Stony gorge dam in California, earth fault shown in longitudinal movement of dam. 791
Earth slides:
Oakland, Calif., residences wrecked by earth slide. e773, C. R. Hunt..... *782
Earth slip study, to be made in West Virginia. e649
Earthquakes:
San Francisco and surrounding region rocked by earthquakes..... n719
East St. Louis, Ill., Sewer project meets opposition. n197

ECONOMICS
Construction costs, high level due mostly to high labor wage..... n*853
Detroit and Milwaukee engineering societies lectures on engineering economics c1062, n1094
Force Account:
Highway construction extras, force account elimination in Georgia. F. M. Garnett 914
Public utility financing, banking house of Hornblower & Weeks plans investment aid n118
Replacement cost of an office building erected in 1914 figured on 1925 basis, and trend charts..... n*810
Reproduction-cost-new:
Indianapolis water case, U. S. Supreme Court maintains reproduction cost and reverses commission ruling. e895, n923
Edge Moor employees form veterans club. n640
Ellsberg, Lieut. Com., dinner by Construction Corps. n195
Emerson, F. C., governor of Wyoming, n356, n681, e773, B. M. Bacon 1882

ENGINEERING
Group safety engineering grows..... e448
Highway traffic engineering a new branch of work..... e730
Industrial engineering, civil engineering phases.
I—Plant engineering, Baldwin Locomotive works, and American Telephone and Telegraph Co. *612
II—Executive engineering, Massachusetts Institute of Technology data on technical graduates, and executive engineering in needle industry, store of Lord & Taylor, and Baldwin Locomotive Works engineering service to foreign countries. 710
III—Industrial staff engineers and constructors. 824
IV—Industrial municipal engineers or Hershey Chocolate Co., ad Endicott-Johnson Shoe Co..... e941, *956
Newspaper fallacies in reporting engineering facts e529

ENGINEERING EDUCATION
Building construction course at Massachusetts Institute of Technology..... n972
Chicago University holds conference on engineering and industry..... n804
Construction textbooks needed, Miami Conservancy District volumes cited. C. S. Bennett 1114
Highway engineering course at Ohio State University. n157
Iowa engineering colleges, consolidation opposed. n315
Lehigh University to grant only bachelor degrees to graduates..... n158
Liberalizing the engineering school....e814
Making colleges pay, address at Lehigh University. e689
Massachusetts Institute of Technology, occupations of Civil Engineering graduates. 279
Porto Rico University turning out excess of engineers. e650
Princeton University expanding its engineering school. e814
Railways' attitude toward college training for railway work. e489. Defense of railway attitude. J. Lansdale 1755
Wisconsin University offers lectures on engineering economies..... e773, n804
Yale transportation survey:
Book review. 473
Railways attitude against railway engineering education. e489
Railway attitude defended. J. Lansdale 1755

ENGINEERING ETHICS:
Buffalo asks free service in designing bridges e1063, 1086
Competitive bidding by engineers Topeka, Kansas, advertisement e939
Credit due Colonel Wilgus for Grand Central Terminal department not given in **Century** article. e982. L. B. Stillwell.1 1008
Credit to engineering assistants in important works ....e1062, E. O. Keator..1 1087
Expulsion of two members by American Society of Civil Engineers..... e245
Engineering Foundation:
Patent royalty on research on engineering designs might go to Engineering Foundation e650
Paint survey in progress..... n315

ENGINEERING IN THE SMALL CITY
Colorado Springs, Colo..... *17
Muskogee, Okla. 108
Nassau, Bahamas, curved street intersection for suburb..... *19
Series of articles closed, and inspiration of city engineer..... e285
Wichita, Kansas. *180

ENGINEERING NEWS-RECORD
Cost and volume index by months for construction 1925 and 1926..... n444
New England business statistics covering 14 years n*979
Unit prices on Pennsylvania bridge, Kansas roads, Illinois sewer, concrete piles. n445

ENGINEERING SOCIETIES
Erie, Pa., technical men form society...n679
Detroit and Milwaukee societies lectures on engineering economies.....e1062, n1094
Programs too crowded at conventions...e855
Crowded programs explained. T. C. Hatton 11010

ENGINEERS
Chicago municipal engineers' strike:
Engineers gain salary increase...n75, n519
From gesture to blow. e86
Justification is that other means failed. "Non-city Engineer." 1193
"Union route," why it was taken. P. C. McArdle 1228
Emerson, F. C., governor of Wyoming. n356, n681, e773, 1882
Governors, state, who have been engineers. B. M. Bacon..... 1882
Income tax resolution to American Water Works Association. 223
Licensing. (See Engineers, registration.)
New York engineers vote to joint International Union of Technical Men.....n195
Occupations:
Massachusetts Institute of Technology, occupations of civil engineering graduates 179
Registration:
National Council of State Boards of Engineering Examiners, meeting. n641, n877
Status of registration in 25 states.. A. Richards *1028
Salary:
Municipal and economic commission declares for end of skimping engineers' pay e565
New York City engineers protest on salary. e1

ENGINES
Base mounting for direct-connected units (Climax Engineering Co.)..... n*35
Bridge and lock mechanism, compact gasoline engine unit (Earle Gear & Machine Co.). n*851
Diesel engines:
Airless injection type of Diesel engines made in larger sizes (Fairbanks, Morse & Co.)..... n*685
Four-cylinder engine develops 10-12 hp. (Le Roi Co.) n*397
Gas engine survey by Engineering News-Record shows power trend..... n*850
Gas engines, Power plants use gas engine of medium speed (Foos Gas Engine Company). n*35
Industrial use gasoline engines 1½ to 12 hp. (Witte Engine Works)..... n*1097
Inverted-cylinder engines, use has proven claims (Cook Motor Co.)..... n*891

EQUIPMENT
American Society for Municipal Improvements has exhibit of municipal engineering and construction equipment...n851
Cash-basis business permits lower equipment prices. n726
Highway equipment. (See Highway machinery.)
Lubrication of construction equipment. A. F. Brewer..... n*724
Repair part service booklet (Chain Belt Co.). n442
Trade-ins from the manufacturers' viewpoint. n560
Used equipment dealers need manufacturers co-operation. H. M. Capron....n808
Used equipment practices discussed by contractors. L. C. Wason, A. H. Diamant, A. W. Chapman, E. W. Watson, H. S. Bent, W. Pringle, C. W. agner n976
Used equipment suggestions to maker and user. J. T. Walsh n762
Erie, Pa., technical men form society.....n679

EXCAVATING MACHINERY
Ditcher attachment permits trench 4 in. wide (Barber Greene Co.)..... n*443

EXCAVATION
Dump Board on North River, New York City, and complete handling of excavated material. S. Rosoff 11048
Hydraulic excavation, settlement data study by a Puget Sound Company.....e324
Manhattan Island of New York City open foundation excavation for buildings. e814, *816
New York City, foundation excavation, for buildings and subways..... e1
New York Life Insurance Company Building on old Madison Square Garden site. New York City, digging a million dollar cellar and disposal plan. M. F. McKenna..... *4
Pipe line excavation costs. A. T. Cushing j*434
Expert witnesses and lawyers, and Judge Hough's talk to American Institute of Consulting Engineers e940

F

Falsework
Feather River railroad bridge at Storrie, Calif., falsework partly composed of bents, suspended from abutments. D. McFarland and H. C. Wood..... j*1044
Fans:
Exhaust conveying-fan that will not clog (Macleod Co.) n*1018
Federal Power Commission:
Annual report n885

FIRES AND FIRE PREVENTION AND PROTECTION

Fire hydrants:
Freezing below ground water level, how can it be prevented. F. A. Waterous l920
Hydrants should have serial numbers for use in ordering repairs. S. P. Baird l884
Sheet-steel garages, fire test by Bureau of Standards 431
Steel-joist floor with plaster ceiling tested at Pittsburgh testing laboratory 421
Underwriters' Laboratories equipment for testing fire and load on bearing walls. C. A. Menzel *664
Fish ladder to take salmon run over 265-ft. Baker River dam e649, *652
Fitzgerald, Desmond, death n*555
Flood lighting unit for night construction work (Holophane Glass Works) n*1097

FLOODS, AND CONTROL AND PREVENTION

Arkansas, drainage projects, and flood protection hoped for following new state administration 430
Colorado Springs flood channel to be concrete canal through Rock Island Ry. cut. n393
Dallas, Texas, project for flood protection 58
Illinois, Iowa and other states, flood damage n440, n518
Los Angeles County, flood control:
San Gabriel projects and Forks dam Pasadena to file reply and new hearing to be held n29
Bond issue, $26,000,000, defeated. n804
Mexico flood damage augmented by lack of protection works n115
Missouri, flood damage to state roads. n*758
North Canadian River, three state commissions plan flood control n886
Squillchuck creek, Washington:
Hydraulic data on rapidly rising flood in small stream. D. J. F. Calkins. *416
Velocity head changes a factor in flood discharge estimations, with reference to hydraulic data on rapidly rising floods in small streams. S. M. Woodward l678
Floor joists:
Arch joists basis of new floor construction (Structural Specialties Co.) n*645
Florida:
Aftermath of a boom, failure of large real estate development e1

FLORIDA HURRICANE

Courage shown in quick plans for reconstruction e609
Description of storm and analysis of structural effects. e567. F. E. Schmitt. *587
Fort Lauderdale, damage and reconstruction. e609. G. R. Solomon 627
Good construction practice made a good showing e856
Hollywood, roof and wall damage. G. M. Beerbower 752
Miami, harbor and shore front effects. 946
Mobile, Ala., damage slight n554
Palm Beach engineers report on general structural effects. 946
Pensacola, hurricane damage n*639
Pensacola naval station damaged $1,000,000 ..... n680
Realty Board and Meyer-Kiser buildings, wall and frame damage and distortion. e611. F. E. Schmitt *624
Telegraphic report of storm, flood and structural damage. F. E. Schmitt n517, n*554
Tide heights at Miami. F. W. Altstaettec l 1090
Wind record taken at Miami Beach e731. *747
Wind velocities and Robinson anemometers. 947
Food production, Malthusian doctrine of saturation e283
Footings for columns. (See columns.)
Formulas:
Intersections of two lines determined with certain functions given. G. I. Gibbs. j*635
Shear formulas for lane-loading of highway bridges. C. M. Strahan *464
Three-moment equation j*70
Formwork. (See Concreting.)

FOUNDATIONS

Dump board on North River, New York City, and complete handling of excavated material. S. Rosoff ..... l 1048
Manhattan Island of New York City, open foundation plant and methods e814. *816
Mat of reinforced concrete for Pasadena civic center building j*72
Mystic Iron Works, Everett, Mass. Constructing heavy foundations in a salt marsh. G. W. Maker *185
New York City, excavation for buildings and subways e1
New York Life Insurance Company building on old Madiso Square Garden site: New York City, digging a million dollar cellar. M. F. McKenna *4
New York Edison Co. steam power plant on 14th St., New York City e895. *898
New York Telephone Co.'s Barclay-Vesey building, deep caisson cellar wall braced by floor steel before erection of columns. C. S. Proctor *207
Pasadena, Calif., mat of reinforced concrete for foundation of civic center building. j*72
Salt marsh near Everett Mass., site of buildings of Mystic Iron Works. G. W. Maker *185
Savoy-Plaza Hotel:
Flood lighting for night work j*637
Piers sunk by varying air methods. *506
Plant arrangement compact for building foundation *574
Soil pressures:
Pressures under continuous footings. C. A. Ellis ..... l 272
Underpinning:
New York Subway. (See New York City, third subway).
Shores and shoring:
Adjustable shore (M. & M. Wire Clamp Co.) *161
(See Shores and shoring.)
Fairbanks Fibre Box Co. warehouses at Middletown, Ohio j*634
(See Shores and shoring.)
France:
Grenoble, France, six meter conduit 1,456 meters long n*117
Fritz, John, medal, awarded to E. A. Sperry n681

G

Gages:
Stress and vibration gages, competition in Germany n275
Wind gages. (See Anemometers; Building design: Florida hurricane, etc.; Wind gages.)

GARBAGE AND REFUSE DISPOSAL

Birmingham, England, new refuse salvage and disposal plant 151
English municipalities, six refuse disposal practice, one using sorting conveyor. e529. J. B. C. Kershaw *536
San Francisco makes fills with residue from destructor e*469
San Francisco studying garbage disposal plan n78
Gardner, H. W. L., death n76
Gas:
Illuminating gas cutting torch (General Electric Co). n*562
Gas holders:
Evansville, Ind., gas holder crown ripholder wrecked by fire n195
Gasoline:
Taxes:
All states (but four) show gasoline tax of $85,000,000 in six months. 872
New Jersey argument against gasoline tax e407
Gates:
Gates for dams. (See Dams, gates.)
Stoney and radial gates:
Seal, rubber and fabric staunching device e*254
German steel and iron export bounties. German-American committee to consider. n316
Glass coverings for sewage sludge beds available in standard units (Lord & Burham Co.). n*685
Government, mounting cost—where the money goes e610
Grade crossing elimination:
Colorado, Denver & Rio Grande Western planning grade revisions n721
Delmar, N. Y., crossing to be eliminated by Delaware & Hudson R.R. n316
McAlester, Okla., crossing agreement between city and M.K.T. Ry. 220
Great Lakes. (See Canals: Chicago's diversion of water: Michigan, Lake, congress on sanitation; waterways; etc.)
Guam Island, construction difficulties *106

H

Haiti, public works expanding n594
Hammers:
Electric hammer, new model, 26 (Rawlplug Co.) n*599
Hetch Hetchy water project. (See Water supply, San Francisco.)

HIGHWAY CONSTRUCTION

Bituminous:
Asphalt paving, mixtures too stiff to be avoided. P. Hubbard e313
International Road Congress resolutions for improvement in bituminous road practice e773, 779
Sand-clay roads, surface treatment, South Carolina practice (Asphalt Association paper). N. S. Anderson a1004
Colombian highway awarded to R. W. Hebard & Co. n727
Concrete:
Finishing:
Machine finishing on curves, in Pittsburgh district j*348
International Road Congress resolutions for improvement in concrete-road practice e773, 779
Joints:
Wire cutting center joints in concrete paving, Illinois practice ..j*348
North Carolina highway, large mixing plant tried out. e856. R. T. Giles. *866
Water delivery makes long haul of batches economical on Mattatuck road, Long Island *335
Welded pipe line for mixer water on California road work j349
Convict labor successful in California road building 390
Curb built integral with slab, method of some Chicago contractors j637
Detours:
Ohio road detour news officially reported in newspapers of state. H. E. Neal 973
Through route detour marking e487
European road design and construction in Holland, Denmark, Sweden, Italy, France and Belgium. e690. L. R. Wentholt, S. Ellert, E. P. Wretlind, R. Feret, F. Colamonico, E. Piens and G. Luyssen a*707
Force account for extras in highway construction eliminated in Georgia. F. M. Garnett 914
Hydraulic fill:
Pacific Highway, section near Vancouver, sluicing heavy highway cuts into adjoining fills. e774. C. W. Meyers *776
Joints:
Tar heater for expansion joints used in Kern County, California j*154
Louisiana highway between New Orleans and Hammond, creosoted timber trestles and dredged fills *918
Piledriver rig with shifting leads builds 53 trestles j*963
New Jersey approach to Holland tunnel:
Double-decked highway, blasting and excavation and novel concreting plan *415
Footing piers, seventy in number, constructed by eight-derrick outfit. *389
(See also Tunnels, Holland, New Jersey approach)
North Carolina highway, large mixing plant tried out. e856. R. T. Giles. *866
St. Louis Mo., Lindell Boulevard, repaving work rapid. W. W. Horner. e65. *168
Tennessee receives bids on $3,000,000 of road projects n721
Township road problem, Wisconsin solves by centralization under county e364. N. M. Isabella e371

HIGHWAY DESIGN

Bituminous:
Macadam road design, improvements suggested based on distribution of load. A. T. Goldbeck a*221
European road design, in Holland, Denmark, Sweden, Italy, France, and Belgium. e690, L. R. Wentholt, S. Ellert, E. F. Wretlind, R. Feret, F. Colamonico, E. Piens and G. Luyssen. a*707
Impact:
Truck impact, uniform loads equivalent to truck concentrations j*350
Slopes, side, drawn by ruled plain paper and triangle. A. J. Lichtenberg j*1047
Sub-base design, Granular sub-base a hazard e610
Thickened edges increasingly favored. e371
Vertical curves, alignment design. M. W. Furr j*268

HIGHWAY ECONOMICS

Bridges on Oregon highways, annual costs. *499
Contract lettings in United States, by states, and motor vehicle registration by states n321
Contractors highway cost record keeping discussed by Illinois Association of Highway and Municipal Contractors. e1022, n1051
Federal aid:
Toll bridges:
Federal aid to highways including toll bridges, ruling by U. S. Controller General McCarl that no aid can be given n803
Force account for extras in highway construction, elimination in Georgia. F. M. Garnett 914
Maintenance costs:
Records of highway maintenance costs as made in New York State. J. E. Pennybacker ..... l 1114
Missouri, Buchanan County saves by patrolmen plan, and use of tractors ..n442
New York State:
Bids 17 per cent below engineers estimate on road jobs n162
Road maintenance cost records criticized e86
State highway departments spent $650,000,000 in 1925 794
Statistics, **Engineering News-Record**, of road contracts as related to normal growth, seasonal and accidental influences n*564
Township road problem, Wisconsin solves by centralization under county. e364. N. M. Isabella e371
Unit prices on highway materials in place n83
Highway excavation:
Slope angles for cut banks, practice of California Highway Commission j*73

HIGHWAY FINANCING

Benefits should be paid by motor users. e447
Federal aid:
Tenth anniversary e85
Toll bridges:
Federal aid to highways including toll bridges ruling by U. S. Controller General McCarl that no aid can be given n803
Gasoline tax:
All states (except four) show gasoline tax of $85,000,000 in six months. 872
Missouri gasoline taxes increased in eight months of 1926 655
State highway departments spent $650,000,000 in 1925 794
Highway location:
Missouri contractor awarded damages in road relocation suit n441

HIGHWAY MACHINERY

Asphalt heaters, tractor mounted, in small sizes (Good Roads Equipment Corp.) n318
Dump body mounted on patrol grader to aid repair work (Hadfield-Penfield Co.) n*359
Graders:
Dump body on motor grader for maintenance work (Wehr Co.) 160
Fordson detachable power unit (Wehr Co.) *1057
Fresnos and graders of new design and electric-operated (Caterpillar, designed by Le Tourneau) n*928
Heavy duty graders and rollers (Galion Iron Works) *359
Motor grader incorporates new features (Russell Grader Manufacturing Co.) n*443
Patrol grader removes ice formed from Niagara Falls spray (Wehr Co.) ..n*443
Pavers:
Chuting plant added to large paver, 21-E (Alamo Iron Works) n*645
Paver 10-E adopted by Mixer Manufacturers' Bureau n851
Skip of paver clears center joint (Koehring Co.) n*929
Planer:
Subgrade planer attached to paver (Koehring Co.) n*891
Scrapers:
Tumblebug scraper (Western Wheeled Scraper Co.) n*1057
Spain makes large purchase n890

HIGHWAY MAINTENANCE

Sand-clay roads, surface treatment. South Carolina practice (Asphalt Association paper). N. S. Anderson. a1004
Costs:
Records of costs of highway maintenance as made in New York State of little economic value. e86. J. E. Pennybacker ..... l 114
Missouri, Buchanan county saves by patrolman plan and use of tractors. n442
Sand kept from Imperial Valley concrete road by oiling shoulders j349
Snow removal from highways. (See Snow removal.)
Township road problem. Wisconsin solves by centralization under county. e364. N. M. Isabella a371
Highway marking:
Zone painting machine makes straight edged lines (Continental Products Co.)n*199
Highway materials:
Unit prices on highway materials in place n281, n1019

HIGHWAY RESEARCH

Impact tests:
Strain gage, electric, tests impact stress on concrete pavement. D. D. McGuire *251
Soil investigation, paper by Dr. C. Terzaghi to Highway Research Board... 959

HIGHWAY RESEARCH BOARD

Annual meeting (sixth) at Washington, technical and statistical problems under study 959
Highway safety:
National Conference on Street and Highway Safety, committees hold joint meeting in Washington n683
Highway signs:
Day and night signals (Interflash Signal Corp.) n*199
Detours:
Through route detour marking....e487
Direction signs not readily readable e487
White painted symbols without lettering, night visibility. E. T. Scott....*584

HIGHWAY TRAFFIC

American Railway Association Signal Section to discuss highway traffic safety at Los Angeles n393
Eleven states have over ten motor vehicles per mile of public road...n*201
Engineers for highway traffic problems needed for this new branch of engineering e730
Speed limits, tendency to increase e127
Stop law for stops at all railway crossings absurd. e981

HIGHWAYS

Bituminous:
Macadam road design, improvements suggested based on distribution of load. A. T. Goldbeck a*221
Brick:
Tests by U. S. Bureau of Public Roads show that 2-in. and 2½-in. brick will carry heavy traffic 660
Cahuenga Pass superhighway built by city of Los Angeles. e45. J. C. Shaw. *67
Chicago Regional Planning Association:
Cook County, large mileage of wide roads proposed n558
Super-highway contest plan announced n759
Earth slip study to be made in West Virginia e649
England to have a "super-highway"....e461
Federal-aid roads:
Addition of 3,338 miles in year. C. C. Wright *794
Total of 52,526 to June 30, 1926.... 417
Forests, national, road and trail construction 905
Honduras to build macadam road 30 miles long n1092
Italian autostrada e729
Italian autostrada are primarily speedways. F. Lavis ..... l 1050
Lightning strikes road in Florida..... e447
Louisiana highway between New Orleans and Hammond, creosoted timber trestles and dredged fills..... *918
Manitoba, toll highway may be substituted for proposed highway n558
Missouri state highways damaged by floods n*758
New Jersey approach to Holland tunnel
Covered cut, section 3 contract n887
Double decked highway, blasting and excavation, and novel concreting plan *415
Model of road and traffic study to make road serve tunnel and proposed Fort Lee bridge n*519
Pacific Highway, section near Vancouver, sluicing heavy highway cuts into adjoining fills. e774. C. W. Meyers ... *776
Porto Rican roads, management by Department of Public Works, not by army engineers n28
St. Louis, Mo., Lindell Boulevard, repaving work rapid. W. W. Horner, e165. *168
Snow removal from highways. (See Snow removal.)
Superhighways or special motor roads, Italian autostrada e729. F. Lavis...l 1050
Tennessee receives bids on $3,000,000 of road projects n721
Toll highway in Manitoba may be substituted for proposed railway n558
Toll roads, changing view of express highways and toll roads e1062
Virginia's new through route highway. e731. *747
Hinds, J., to oversee Santiago Project for White company n314

HOISTS AND HOISTING

Aggregate handling facilitated by bucket elevator (G. A. Zimmerman Co.)...n*929
Conveyors. (See conveyors.)
Electric hoist available in six new sizes (American Engineering Co.) n*279
Electric hoist changes speed and pull by using two sprockets (J. S. Mundy Hoisting Engine Co.) n*482
Hand hoist, all steel (Beebe Bros.)....n*279
Hoisting unit for attachment to Fordson tractor (Erstel Machinery Mfg. Co.) n*81
Light duty hoist built on heavy hoist principles. Novo Engine Co. n*483
One, two, and three-drum types in new line of hoists (Construction Machinery Co.) *763
Trolley, motor driven for small hoists (American Engineering Co.) *161
Hood, William, death n*363, n*392
"Horn-Gap" guides for cable under tie-down on incline j*152
Humphreys, Dr. A. C., president of Stevens Institute, retirement e689, n721
Hurricanes. (See Bermuda hurricane; Cuba hurricane; Florida hurricane; Maryland hurricane; Stresses; etc.)

HYDRAULIC FILL

Pacific Highway, section near Vancouver, sluicing heavy highway cuts into adjoining fills. e774. C. W. Meyers.. *776
Slag fill placed by hydraulic giants between Pennsylvania R.R. and Ohio River near Pittsburgh, Pa. R. D. Achauer *656
(See earth fill.)

HYDRAULICS

Baffle piers at foot of dam .do they dispel energy? R. F. Ewald and I. C. Steele ..... l *800
Changes in velocity head a factor in flood discharge estimations, with reference to hydraulic data on rapidly rising floods in small streams. S. M. Woodward ..... l 678
Chart for converting Kutter's "n" into Hazen and Williams "C" to be supplied j73
Cipolletti weirs and submerged orifices, slide rule for water gaging used on Klamath project j*512
Current meter, German book reviewed by I. Gutman, and criticism of Price current meter 840
Price meter defended. K. K. Hoyt.l 1010
Energy losses, theoretical, in intersecting pipe lines. H. A. Thomas and J. C. Stevens ..... l 437
Inlet valves on pipe lines, air space formation and inlet capacity, design factors e*294
Intersecting pipes; theoretical energy losses. J. C. Stevens *140
Sewers:
Hydraulic jump experiments on model before construction of sewer connections, Chicago. W. H. Ashley *548
Squillchuck Creek, Washington:
Hydraulic data on rapidly rising flood in small stream. D. J. F. Calkins. *416
Theoretical energy losses in intersecting pipe lines. J. C. Stevens ....*140, l 437
H. A. Thomas ..... l 437
Discussion. J. Hinds. J. C. Stevens. H. A. Thomas ..... l *883
Correction in Stevens formula. F. S. Bailey ..... l 1087
Tieton dam, in Washington, puddle core investigations—Goldbeck cell readings, pressure, penetration and friction. I. E. Houk *544
Velocity at tangent of curves of 36-in. pipe tests under 80-ft. reservoir head. T. F. Davey *905
Venturi meters, diagram for flow measurement in water-works and sewage-works, designed at Baltimore, Md. R. T. Regester j*716
Water hammer:
Highest heads, water hammer not as important as at low heads, Buck's creek penstock data e565. *577
Water intake or draft distributor (Johnson-Wahlman), designed for wide distribution of flow. M. G. Salzman..*998
Wichita County district in Texas, water service structures. J. L. Lochridge..*748
Worcester Polythechnic Institute builds new hydraulic laboratory *96

HYDRO-ELECTRIC POWER

Alaska, power to utilize pulp resources, Hearst application for power permit. n926
Balch high-head project well under way. *836
Big Pigeon River project in North Carolina, license recommended n642
California state-owned water and power system measure defeated n804
Canadian government plans huge power expenditures n317
Cherokee Bluffs power house and Martin dam, for hydro-electric development on Tallapoosa River, construction methods and plant. L. G. Warren. *1064
Colorado and San Juan Rivers, project in Arizona and Utah, Arizona applies for permit for dam at Glenn Canyon.... n1013
Columbia River at Umatilla Rapids, federal funds sought for dam for electrical development. n1014
Conowingo development on Susquehanna River to supply Philadelphia, construction well under way. e1021, *1024
Cumberland Falls project, alleged marring of scenic beauty delays project ..n682
Cumberland and Tennessee Rivers headwaters for project of H. A. Spalding, etc., jurisdiction of dams on Obed, Big South and Obey Rivers taken by Federal Power Commission n888
Cumberland River, Cumberland Hydro-electric Power Co. may withdraw application for permit on criticism of destruction of scenic beauty n848
Draft tubes:
Horse Mesa project, advantage in building draft-tube forms in advance j*153
Esthetic vs. practical in construction for water power uses. H. S. Wagner.... l 114
Fallacies in the valuation of water power 470
Federal Power Commission's annual report n885
Flaming Gorge project, Utah company, seeks license n314
Corps of engineers representative to make investigation n926
Grand Falls power development in New Brunswick to start soon..... n315
Holding companies and public ownership, citations from article by Professor Ripley in *Atlantic Monthly* e775
Holston River, Tennessee, dam planned. n276
International navigation and utilization of hydraulic power, exhibition at Basel n316
Irrigation projects, power developed as financial aid to farmers. A. S. Levens *215
Jordan River, Palestine, development by British Columbia company..... n395
Licenses:
St. John River Co. permit..... n157
Skagit River project for use of Seattle, preliminary permit n722
White River applications of Ozarks Hydro Electric Co. and White River Power Co. licenses postponed..... n888
New River project in Virginia:
Right purchased by appalachian Electric Power Co. n477
Development brings protest..... n848
New York State:
Governor Smith outlines plan for state development of water power. n1012
Oregon state-owned water and power measure defeated n804
Osage River project in Missouri, changes in plans n642
Plants:
Balch plant on Kings River.
High-head project well under way. *836
Penstock anchors poured from mixer on inclined car j*266
Big Creek No. 8 plant draft tube lined with cast iron *182
Cherokee Bluffs plant and Martin dam on Tallapoosa River, construction methods and plant. L. G. Warren. *1064
Grand Falls, N. B., four 20,000-hp. units instead of three n477
Savannah River plant to be built...n803
Shawinigan Water & Power Co. plant at St. Narcisse on Batiscan River adds another unit n760
Swiss electric plant on Waeggital power development increases primary power by pumping. P. E. Gisiger *410
Water intake or draft distributor (Johnson-Wahlman), designed for wide distribution of flow. M. G. Salzman. *998
Quebec and Ontario settle boundary power problem n639
St. Lawrence River:
Action deferred by New York commission on power permit n759
Joint Board of Engineers' report of November, 1926, on report of 1921, e896, 906
License by present New York commission opposed by Governor Smith.... ..... h e940, n 971

*Illustrated; a, abstracts; e, editorials; j, job and office; l, letter; n, news

New York state commission adopts terms under which it will issue licenses e527, n555
New York commission to meet with Ontario body and Federal Power Commission n76
New York State Engineer favors river development by private capital under 50-year lease n29
New York state engineer's report on terms for a permit if project is carried out by private interests e86
Ontario commission gratified at New York's power plans n758
Two companies accept license conditions n596
Saluda River project at Drehers Shoals, South Carolina, permit refused n316
Savannah River project near Clarks Hill, two applications. n974
Susquehanna River project:
Time for cost estimate extended.... n438
Tidal power:
Passamaquoddy Bay tidal power scheme of Canadian Cooper Co., chartered in Canada n315
Transmission, Stanford University, Ryan Laboratory, research on higher transmission 744
Turbines:
"Period Efficiency" for water wheels. e188
Valuation of water power, fallacies, A. D. Adams 470
White River in Arkansas, two applicants. n276

I

Illinois Society of Engineers, joint meeting with Illinois Section of American Water-Works Association n889
Immigration:
Labor Immigration shows slight increase n354
Impact:
Truck impact, uniform loads equivalent to truck concentrations j*350
(See Highway design).
India:
Bombay, extension to city developed through land fills 331
Indianapolis, Ind., dispute over new sewage-works and discussion of sewerage problems n356, n480
Industrial engineering. (See Engineering, civil engineer in Industry.)
Industry:
Civil engineer in industry, series of articles. (See Engineering.)
Inland Waterways Corporation. Advisory Board, H. E. Halliday succeeds late M. H. Hunt n722
Intakes:
Location of lake water intakes. P. Hansen. 128
Ontario Hydro-Electric Power Commission sued over intake potent held by B. F. Groat of Philadelphia n1094
Water intake designed for wide distribution of flow, typical installations in Canada. M. G. Salzman. *998
International Association of Street Sanitation Officials to meet in St. Louis in 1927 ..... n682
International Road Congress, meeting at Milan, Italy n75
General report of meeting e690, T. H. MacDonald 700
Papers on Dutch, Danish, Swedish, Italian, French and Belgian road practices e690. L. R. Wenthol: S. Ellert, E. P. Wretling, F. Colamonico, R. Feret, E. Piens and G. Luyssen n*702
Interstate Commerce Commission:
Annual report, including needs of changes in legislation. n1053
Resolutions adopted on construction of bituminous and concrete roads e773, 779
United States delegates appointed n356
Interstate waterway compacts:
Delaware River Compromise sought n924
North and South Dakota treaty on Jones River proposed. n1011

IRRIGATION:

Attorney General's decision on irrigation project expenditures is a prudent check e283
Banta-Carbona irrigation district, California, served by series of pumping plants *225
Columbia Basin studies being made by state of Washington and U. S. Bureau of Reclamation. R. K. Tiffany 1844
Elk Chute drainage district in Missouri, cooperative district plan and financing, design of ditches, outlets and pumping plant. J. A. Harman. *1074
Hydro-electric power developed on irrigation projects is financial aid to farmers. A. S. Levens *215
India, extent of irrigation 838
Los Angeles raises water rates for domestic use and irrigation 94
Rio Grande, Middle, conservancy project progress 904
Sewage used for irrigation at Lubbock, Texas. H. N. Roberts and D. L. Jones *1026
Western irrigation and its future e205
Wichita County district in Texas, water service structures. J. L. Lochridge *748

J

Jacks:
Oil jacks, compact, for heavy duty (Watson-Stillman Co.) n278
Jadwin, Maj. Gen. Edgar, becomes Chief of Engineers n*31
Japan:
Behavior of flexible reinforced-concrete mattresses as bank protection on deep rivers, results obtained. *218
Ehlers, J. H., appointed trade commissioner n558
Nippon Electric Co., Japan, plans $2,000,000 building n274
Pavement of grooved brick for hillside slopes H. Sakakibara. *945
Joists:
Steel joists changed from Pratt to Warren type web system (Rivet-Grip Steel Co.) n*890
Judges, federal, higher salaries urged by American Engineering Council, D. S. Kimball and E. J. Prindle 1844
Salary increase criticized, C. A. P. Turner 1048

L

LABOR

American Federation of Labor in favor of five-day week—less hours, more happiness e610
Cascade tunnel work, camp rivalry speeds construction e855, *858
Construction costs, high level due mostly to high labor wage n*853
Convict labor successful in California road building *390
Employer must find market to dispose of labor used, Charles Piez, of Link-Belt Co. e528
Immigration shows increase n354
New York subway contract, labor wage: Clause, new, on arbitration of labor wage complicates contract work e650, n679
Injunction denied in fight against prevailing wage clause—and increase of subway costs e856, n885
Unemployment, American Statistical Association report e284
Unionism:
Mystery thrown around operations is drawback to labor e730
Lake Worth inlet in Florida, jetties of precast concrete blocks. K. Bryan..... *1030
Lakeland, Florida, starts building civic center project n806

LAND RECLAMATION

Arizona and Utah project using water from Colorado and San Juan Rivers, Arizona applies for permit for dam ..n1013
Arkansas, drainage project and flood protection hoped for following new state administration 430
Attorney general's decision on irrigation project expenditures is a prudent check e283
Banta-Carbona irrigation district, California, served by series of pumping plants *225
Boulder Canyon project, dam, canal and power plant bill favorably reported in House n1092
Bombay, India, extension to city developed through land fills 331
Columbia River Basin project, study to be based on five tracts n642
Columbia Basin studies being made by state of Washington and U. S. Bureau of Reclamation. R. K. Tiffany 1844
Dallas, Texas, levee and traffic improvement district formed n230
Kittitas project in Washington Canal, main, Division 2, and Tucker Creek siphon, bids called for n887
Klamath project, water gage by slide rule, on Cipolletti weirs and submerged orifices j*512
Mead, Dr., finds financial attitude improving n316
New Jersey meadows never tackled e566
Owyhee and Vale projects to be built ..n804
Owyhee river project, favorable, report by Bureau of Reclamation chief engineer n518
Pend d'Oreille, Lake, Power and storage possibilities to be studied toward use for Columbia Basin project n316
Rio Grande, Middle, conservancy project progress 904
Salt River project:
Canal lining job done at low cost *52
Water table lowered by deep well pumps (Worthington Axiflo) n1097
Ten-year building program proposed...n974
U. S. Bureau of Reclamation:
Reform in method of undertaking work, budgeting vs. logrolling e896
Vale and Owyhee projects to be built n804, e813
Vale project, in Oregon, President Coolidge approves for construction..... n722
Wichita County district in Texas, water service structures. J. L. Lochridge ..*748
Landslides:
Memphis, Tenn., landslide n231
Leipzig Trade Fair, largest exhibit, n*278, n1056
Lightning:
Lightning protection for a concrete lined oil Reservoir j153
Query of shock to men handling tools. S. P. Baird 1638
Water pipe running into house, lightning jumps from pipe to stove. C. F. Dingman 1718
Locks:
Washington, Lake, keeping salt water out of lock controlled canal. W. M. Meacham *219

LOCOMOTIVES

Gasoline locomotives. Three-point chassis suspension for gasoline locomotives (Vulcan Iron Works) n*359
Storage-battery locomotive for use in gaseous tunnels (General Electric Co.) n*81
Storage-battery locomotive with gas-electric auxiliary, largest in world, for Chicago & Northwestern Railway Co. (General Electric Co.) n*852
London, England:
Double filtration for part of London water 34*
Smokeless garden village near London.. 331

LOS ANGELES, CALIF.

Water and power bonds to be voted on n195
Water supply:
Aqueduct damaged above Haiwee reservoir by flood n925
Well sinking and tests of flow from wells in Owens Valley region. George R. Shuey *9
Los Angeles County, California, flood control, San Gabriel project and Forks dam, Pasadena to file reply and new hearing to be held. n29
Bond issue of $2,000,000 defeated n801
Lubbock, Texas, municipal engineering .*290
Lubrication of construction equipment. A. F. Brewer n*724
(See Equipment.)
Lumber:
Manufacturers' publicity methods foolish in steel vs. lumber controversy e364

M

Machines:
Limit gaging and fits standardized by A.E.S.C. *282
Madison, Wis., lakes, treatment of algae and weeds, B. Domogalla..... *950
"Management Week," waste elimination is theme n682

MAPS AND MAPPING

Aerial mapping:
High altitude photographs by army engineers 192
Missouri River Valley, airplane survey to be made n197
Rainy Lake district, on international boundary, mapped by use of Amphibian plane 431
State maps showing public land surveys 97
Marine borers:
Chemical warfare service report on cycle and on chemical effects n392
Maryland tornado wrecks country schoolhouse. N. D. Mitchell *832
Materials for construction. (See Construction materials.)
McGraw, James H., testimonial dinner..n*1053
McMullen, Arthur, death n314

METALS

Embrittlement. (See Steel; also Copper.)
Endurance tests:
American Society for Testing Materials tests direct stress, grooves and threads effect and corrosion and fatigue *332
Fatigue of metals:
Quest long for facts, by A.S.T.M., Westinghouse, McCook Field, Annapolis laboratory e47
Illuminating gas for metal cutting ... 54
Metric system, discussion before Senate Committee on Commerce..... n1014
Mexico:
Flood damage augmented by neglect of protection works n115
Miami, Fla., dredging contract n232, n276
Miami Conservancy District, engineering museum *101
Mid-continent engineering convention held at Duluth n354
Mine overcast, of sheet steel, replaces wooden structure (Standard Coal Co.) ..n*929
Minneapolis, Minn.:
Council-manager plan snowed under by voters n31, e46
Moles. (See Breakwaters).
Mortars:
Analysis procedure, J. L. Heltzman (of E. L. Conwell Co.) j271
Mosquito elimination:
Bats can be raised to destroy mosquitoes. J. A. L. Waddell 1718
Mosquito expugnatus est, homo victor. W. E. Britton 1922
Mosquito Triumphans e527
New Jersey, war camps, Panama and Cuba, mosquito control by engineering works, J. A. Le Prince..... 1050
Motion pictures:
Asphalt paving motion pictures available n1016
Motor, 8,000-hp. direct current (Westinghouse Electric & Mfg. Co.) n*852
Motor buses:
Truck, side or rear dump (Differential Steel Car Co.) n*1096
Survey, nation wide, of uses of buses begun in Chicago. n232
Motor transport, world congress to be held in New York in January n849
Motor trucks:
Two-ton truck added to line of smaller capacities (Graham Brothers.) n*523
Motor vehicles:
Eleven states have over ten motor vehicles per mile of public road....n*201

*Illustrated; a, abstracts; e, editorials; j, job and office; l, letter; n, news

Registration of motor vehicles in United States, and relation to average income. *500
Registration per capita in United States, by states, and road contract lettings per capita n321

MUNICIPAL ENGINEERING

Endicott, N. Y., industrial municipal engineering for Endicott-Johnson Shoe Co. *956
Engineering in the small city series an inspiration of city engineer e285
Hershey, Pa., industrial municipal engineering for Hershey Chocolate Co. *956
Lubbock, Texas, engineering progress .. *290

MUNICIPAL GOVERNMENT

Council-manager plan:
Oklahoma City adopts council-manager plan n848
Seattle, Wash., defeats council-manager plan n846, e1062

MUNICIPAL IMPROVEMENTS

Benefit assessments:
Ohio constitutional amendment defeated 511
Paving of streets intersection assessment to abutting property not related to increased value of property. R. E. Duff ..... l 884
Bond issues. (See Bonds; and cities by name.)

MUSCLE SHOALS

Bids. Dams 2 and 3 steamplant—three bids compared n116
McKinley and Ernst bills, plans to present to Senate n1014
Steam plant lease to Alabama Power Co. is extended n888

N

National Association of Building Trades Employees, annual meeting at Pittsburgh n1053
National Association of Railroad and Utilities Commissioners, meeting at Asheville. n845
National Conference on Street and Highway Safety Committees hold joint meeting in Washington n682
National Council of State Board of Engineering Examiners, meeting n887
National Crushed Stone Association, meeting anounced n890
National Municipal League receives fund for municipal research n520
National Sand and Gravel Association hold convention in January n644
Navigation Congress:
Permanent International Association to meet in Egypt n79, n196
New England Water Works Association:
Annual meeting, at Providence e488, 508, n517
Co-operation and possible union with American Water Works Association e488
New Jersey:
Water supply:
Legislature special session to deal with water supply question, eight conflicting groups e3
Policy still undetermined e167, n194
Procrastination with hopes for progress. e167
New Jersey meadows, reclamation plan subject of hearing n480, e566
New Jersey Sanitary Association holds convention n1013

NEW YORK CITY

City Planning Committee:
Creation and opportunities e127
Organization, and chairman and committees n596
Engineers protest on salary ..... el
Engineers vote to join International Union of Technical Men n195
Excavation for city foundations, buildings and subways ..... el
Ninth Ave. elevated structure, excellent construction shown where subway is built below e408
Railway electrification hearing n158
Subways:
Continuous platform system for subways proposed by P. Sachs, engineer, New York City 266
City contracts $141,000,000 for subways in two years n117
East River subway, Bids called for .. n393
Financing—voice of chief financial officer of state e166
Flushing extension and Fourteenth St. line (not part of third system), machine methods and street decking e45, *60
Rock tunneling for subways, lining with concrete blocks, advantages. J. F. O'Rourke l*229
Survey details in subway base line work. Brady, C. J. j*268
Third subway system under construction:
Construction progress to October n760
Contracts, new clause on arbitration on labor wage complicates contract work e650, n679
Decking collapses on St. Nicholas Ave. n*355
Eighth Ave., 111th to 122nd streets, underpining methods, particularly of Ninth Ave. elevated .... e408, L. White *418
Eighth Ave., Section 3, Route 8, timbering system. L. White *216
Eighth Ave., section 3A of route 78, on St. Nicholas Ave., timbering plans, power shovel excavation and truck haulage. L. M. Charm *568
Labor wage:
Contract for subway work, new clause on arbitration of labor wage complicates existing contracts e650, n679
Injunction denied in fight against prevailing wage—and increase of subway costs e856, n885
Organization for engineering and construction control, and safeguarding structures and streets e125, *142
Steel, American only to be used n477
Water supply:
Additional water supply, system of reservoirs and aqueducts extends almost to Troy e849, *670
Ashokan reservoir, why its storage is low n719, n886
Catskill watershed, Esopus and Schoharie gathering grounds, variations in rainfall and runoff. W. W. Brush 11050
Conference called by mayor n1011
Housatonic River advised for source of water supply for New York City if it were not for lawyers and politicians. G. R. Wadleigh 1021
Imperative need of more water e691
Metering needed e166, e204
Well water emergency supply from wells in Long Island urged ... e939, n972
Well water supply of 150 m.g.d., offer to produce n680

NEW YORK PORT AUTHORITY:

Hudson River Fort Lee bridge:
Bids called for on first installment of $20,000,000 bonds for construction e814, n847
Port series No. 20, report on two parts book review 473
Metamorphosed from freight relief plan body to highway bridge building body. e982

NEW YORK STATE

Highway maintenance costs records of little economic value. J. E. Pennybacker ..... l 114
Hydro-electric power. (See Hydro-electric power.)
Newport Rolling Mill Co. plant in Kentucky, booklet of visit of Austrian engineers n396
Niagara Falls:
Recession of crest:
Conference between General Jadwin and Col. Biggar (Canada) on scope of work n392
Norman, steamer sunk, wives of victims file suits against government n757

O

Oakland, Calif.:
Estuary vehicular tunnel:
Novel design and construction features ..e889, *892, "Tunnels" .... l 802
North approach concrete subway end slides on asphalt waterproofing, stopped by jacks and struts. N. D. Baker j*879
Residences wrecked by earth slide. e773.
C. R. Hunt *782
Sewer crossing line of estuary subway is carried on novel truss j*72
Oil Reservoir, concrete lined, lightning protection. j153
Oil well reaches depth of 8,000 ft. (drilled by Chanslor-Canfield-Midway Oil Co., in Orange Co. Calif.) n644
Optical Convention, British n234
Ore docks:
Great Northern Ry. dock at Superior, Wis., reconstructed in steel and concrete *496
Northern Pacific Ry. ore dock at Superior, Wis., all-concrete construction *455
Ore crushers, largest installed at Milwaukee (Allis-Chalmers Mfg. Co.) *1017

P

Pacific Coast revisited. F. C. Wight..... 462
Paints:
Engineering Foundation paint survey in progress n315
Spray equipment, self-contained type (Alexander Milburn Co.) n*319
Panama, railway and port facilities to be built n924
Paper mills:
Pine Falls, Manitoba, paper mill and town site, larbe expenditure n889
Price Brothers mill at Grande Baie n923
Parking. (See streets)
Passaic County Park Commission being formed n924

PATENTS

Chlorinating patent (Ornstein), case of Paradon, Electro Bleaching gas and Wallace & Tierman companies on use of Bull Pat. patent decision cannot be appealed n977, n1096
Concrete, pneumatic placement patent of McMichael and licensee, Ransome company, again sustained n977
Concrete road finishing by belt method, patent of G. C. Walker and T. M. Lucking upheld n522
Engineering designs, patent royalty on research might go to Engineering Foundation e650
Ontario Hydro-electric Commission sued over intake patent n1094
Water softening patent suit decided n442
Pavement marking:
Zone painting machine makes straight edged lines (Continental Products Co.) n*199

PAVEMENTS

Albuquerque, N. M., patching pavement cuts by contract 13
Assessing street intersections to abutting property not related to increased value of property ..... l 884
Brick:
Grooved brick pavement for grades in Tokyo, Japan. H. Sakakibara. ... *945
Tests by U. S. Bureau of Public Roads show that 2-in. and 2½-in. brick will carry heavy traffic 660
Joints:
Oil reservoir of Southern Pacific Co. at Tracy, Calif., offset joint in concrete pavement j*881
Wear of pavements caused by narrow lanes. W. H. Luken ..... l 678
Wear of pavements, Columbus, Ohio, abrasive wear of hard pavements proved. R. H. Simpson *551
Paving:
Asphalt paving:
Dust collector and air washer for asphalt paving plant at Flint, Mich., designed by H. C. McClure, city engineer j*714
Benefit assessments:
St. Paul, Minn., has changed street paving benefit assessment plan. G. H. Herrold ..... l 678
Paving breaker altered for piledriving (Ingersoll-Rand Co.) n*1057

PENSTOCKS

Balch power project penstock *836
Anchors poured from mixer on incline car j*269
"Horn-Gap" guides for cable under tie-down on incline j*152
Buck's Creek data on water hammer e565, *577

PHILADELPHIA, PA.

Richmond power station, Architectural development and use of silicon steel. e447. F. N. Kneas *450
Sesquicentennial:
Construction debts, city votes five million n757

PIERS

Baffle piers at foot of dam (see Dams: Hydraulics.) R. F. Ewald and I. C. Steele ..... l *800
Galveston, Texas., pier structures to be built n117
Vancouver, B. C., Pier "B-C" of Canadian Pacific Ry., design and construction. A. D. Wilder *98

PILES AND PILEDRIVING

Composite pile, concrete section above driven wood pile for Detroit building, with lock seam pipe for form for concrete j965
Concrete piles impregnated with asphalt for sea-water use in Los Angeles harbor. G. F. Nicholson *990
Concrete piles tested in sea water by navy at Portsmouth navy yard *372
Cutting of piles for Newark Bay bridge, unusual accuracy ..... j *73
Paving breaker altered for piledriving (Ingersoll-Rand Co.) n*1057
Shifting leads on pile driver used in building 53 trestles for Louisiana highway., New Orleans to Hammond. j*963

PIPE AND PIPE LINES

Asphalt filler applied on clay pipe line. Pneumatic form used inside of pipe. C. C. Wright *794
Athens, Greece, pipe line construction in 1925 ..... n28
Concrete pipe:
Joints self-calking, of lead and steel for concrete pipe (Lock Joint Pipe Co.) n*1017
Cost of pipe line excavations. A. T. Cushing j*434
Culvert pipe corrugated used in quick bridge replacement in Maryland j*270
Cutting pipe on bevel by acetylene torch, guiding device j*512
Die for cutting pipe. (Oster Mfg. Co.). n*320
East Bay Municipal District, California, conduit pipe, electric welding manufacture *128
Headwalls of cast iron used for corrugated cast-iron pipe (American Casting Co.) n*809
Inlet valves, capacity and air formation, design factors e295
Intersecting pipes, theoretical energy losses. J. C. Stevens. *140, 1437. H. A. Thomas ..... l 437
Discussion. J. Hinds, J. C. Stevens, H. A. Thomas ..... l *883
Corrections in Stevens formula, F. S. Bailey l1087
Islais creek pipe lines of Spring Valley Water Co. assembled 12-in. pipe lowered as unit in navigable waterway ..... j *514
Joints:
Calking, self-calking lead and steel joints for concrete pipe (Lock Joint Pipe Co.) n*1017
Lining of pipe, Talbot method (English) American rights to U. S. Steel Corp. .n522
Marin Municipal Water district:
Tar scraper on conduit job uses waste acetylene gas j*435
Trestle with adjustable leg used in lowering pipe on side hill e*374
Mokelumne pipe line for East Bay water supply:
Field welding experience on 65-in. pipe and partial return to riveting. A. P. Davis *912

*Illustrated; a, abstracts; e, editorials; j, job and office; l, letter; n. news

Newark, N. J., conduit from Pequannock, leaks stopped by plugging, cupping and welding j155
Porous drainage pipes (Wallace Cement Products Co.) n*978
San Francisco Bay, southern end, pipe line crossing on trestle bridge n*479
San Francisco transbay pipe line for water supply, 21 miles in service n480
Steel pipe centrifugally lined with concrete available (Jersey Pipe Co.) n*121
Steel pipe manufacture, film (National Tube Co.) n80
Tangent of curves, velocity in 36-in. pipe, tests under 80-ft. reservoir head, T. F. Davey *905
Theoretical losses in intersecting pipes. (See Hydraulics.)
Threader, portable (Hall-Will) n*198
Valves, two-piece bonnet on new line of valves (Ohio Injector Co.) n*121
Vancouver, B. C., pulling 1,200 ft. of 18-in. cast-iron pipe across Burrard Inlet e363, *366
Plane and mortiser, electric hand tools (Wappat Gear Works) n*562
Pneumatic tools:
Grinder, pneumatic and electric drill (Chicago Pneumatic Tool Co.) n*121
Pontchartrain, Lake, not part of Gulf of Mexico 135
Portland Cement Association:
Annual business meeting and election of officers n886
General office staff appointments n598
Reviews conditions n925
School session at Chicago, laboratory attended by college teachers n594
Porto Rico University turning out excess of engineers e650

PORTS AND HARBORS

Buffalo, N. Y., port project work starts n356
Galveston, Texas; pier structures to be built n117
Lake Worth inlet in Florida, jetties of precast concrete blocks, K. Bryant .** 1030
Panama, port facilities at Puerto Armuelles, and railway for Chiriqui National R.R. to be built n924
Power:
Steam power. (See Steam power.)
Water power. (See Hydro-electric power.)

PRICES

Canadian and United States prices of building materials compared n*1058
Engineering News-Record unit prices on Pennsylvania bridge, Kansas roads, Illinois sewer, concrete piling n445
Equipment prices lowered by increase of cash-basis business n726
Printing press live-loads as factor in building design, E. L. Verveer *792

PUBLIC HEALTH

Pan-American conference, first of public health directors n558

PUBLIC UTILITIES

Financing, banking house, Hornblower & Weeks seeks to aid utility financing. n118
Holding companies and public ownership, citations from article by Professor Ripley in *Atlantic Monthly* e775
Indianapolis water case, U. S. Supreme Court maintains basis of reproduction-cost-new, reversing previous commission ruling e895, n923
Regulation of public utilities to be discussed by American Economic Association at St. Louis n1052
Valuations:
Relative values of utility systems, C. F. Lambert n*163
Public Works Department. (See U. S. Department of Public Works.)

PUMPS AND PUMPING

Florence pumping station for Omaha water has largest centrifugal pumping unit *977
Grade crossing separations cause growing field for pumping installations n80
Sump pump, automatic, of small size (Buffalo Steam Pump Co.) n1057
Sump pump for building installation (Worthington Pump & Machinery Corp.) n*80
Gasoline-kerosene engine for portable centrifugal pump (Economy Pumping Machinery Co.) 279

Q

Quantity Surveys:
Guaranteed quantities desirable n28

R

Rail freight carrying:
Dubuque, Iowa, complaint on through freight rates n1014
Rails. (See Railway track and trackwork.)
Railway electrification. (See Railways, electrification) n197
Railway finances:
Capital expenditures of class I railroads high for 1926 949
German railway trust shows profits 189
Railway retaining walls:
Arch retaining walls in India built of concrete blocks e*7
Railway signals and train control:
Automatic train control:
Pennsylvania R.R. wreck notwithstanding much progress in automatic train control e85
Progress is great despite Pennsylvania R.R. accident e203

RAILWAY STATIONS

Greensboro, N. C., union station on Southern Ry. *136
Lincoln, Neb., union station planned n519

RAILWAY STRUCTURES

Baltimore & Ohio Ry. uses truck turntable to aid bus service j*798
Sectional railway buildings n*120
Turntables:
End-pivoted turntables for French manufacturing plant 134

RAILWAY TERMINALS

Albany, N. Y., terminal planned to cost $3,000,000 ..... j518
Delaware, Lackawanna & Western R.R. freight terminal in Jersey City e689
Freight terminals:
Ottawa terminal freight yard on Pere Marquette Ry., near Toledo, Ohio .. *48
Rail and river terminals:
Cincinnati, Ohio, river and rail terminal served by barges and freight yard, no dock *334
Jersey City, N. J., large freight terminal planned n594
Track layout as related to engine wheelbase, road and maintenance-of-way association paper, H. J. Pfeiffer ... a620
Railway Ties. (See Railway Track and Trackwork).

RAILWAY TRACK AND TRACKWORK

Engine wheelbase, relation to terminal track layout (Roadmasters and Maintenance-of-Way Association paper), H. J. Pfeiffer a620
Lyons & Mediterranean Ry. improves its track 915
Pere Marquette R.R. to build experimental track n231
Rails:
Anchor for rails, new design (Bethlehem Steel Co.) n*319
Joints between rails; foreign practice. *93
Fissures, transverse, as rail failures, report by Bureau of Safety e165, 192
Shims, thin, improve worn rail joints. *189
Strap type, old rail, dug up near Jacksonville, Ill. *1077
Three-tie supported rail joints, J. V. Neubert 1272
Raising of track by machine, for surfacing work, Nordberg Mfg. Co. n482
Russian double Y-track, M. Pravosudovitch 1 *677
Roadmasters and Maintenance of Way Association discusses railway track at Chicago meeting n593
Ties:
Douglas fir ties, treated and seasoned, creosoted, air dried, incised, results show strength unaffected by treatment *1083
Percentage renewals and average life of railway ties, J. D. MacLean, *336 E. Stimson 1882
South African government railways' trough design for steel ties *876
Steel cross-tie (Keystone Metal Tie Corporation). *160
Track:
French standard track design *227
Track brake, electric, for gravity switching in France *227
Railway valuation. (See Railways.)

RAILWAYS

Africa, railway developments *390
Alabama, Tennessee & Northern R. R. to build extension n1014
Alberta ,railway may be extended n926
Alaska R.R. finances improve 141
Arkansas R.R., new line proposed n275
Baltimore & Ohio R.R.:
Bus service aided by truck turntable at trainside j*798
New York terminal moved to Jersey City and buses collect passengers in New York e283
Boston & Maine R.R., financial reorganization, and new construction n315
Canada:
Peace River to Pacific, proposed railway opposed by Canadian engineers. n30
Pembina Valley line authorized n232
Roberval-Saguenay Ry. extension n232
Canadian National Railways, financial condition improves n1093
Canadian Pacific Ry.:
Gold field line, Tashchereau (O'Brien) to Rouyn, completed n887
Pier B-C at Vancouver, design and construction, A. D. Wilder *984
Cave railway in Italy for tourists e*305
Central R.R. of New Jersey puts Newark Bay bridge into use n925
Chesapeake & Ohio to build new line in Ohio n759
Chicago & Northwestern Ry. buys largest storage-battery locomotive (General Electric Co.) n*852
Chicago, Milwaukee & St. Paul Ry., Minnesota, Freeborn County line authorized n33
Chicago, Rock Island & Pacific Ry., Minnesota, Freeborn County line authorized n33
Chilean railway, 12 miles, has 62 curves 505
Chinese railway, construction work, H. Stringer *540
Consolidation:
Kansas City Southern Ry., control of Missouri-Kansas-Texas and St. Louis Southwestern Ry. applied for n315
Reading Co., and Lehigh & New England n191
Short lines are railroad orphans e566
Delaware & Hudson R.R. Delmar, N. Y., grade crossing to be eliminated n316
Delaware, Lackawanna & Western R.R.:
Jersey City extension approved n679
Delaware, Lackawanna & Western Railway: Newark cutoff opened n80
Denmark, railway saturation and automobile increase 293
Denver & Rio Grande Western R.R. planning grade revisions in Colorado n720
Denver and Salt Lake R.R. will lease Moffat tunnel and build Dotsero cutoff n440
Detroit, Toledo & Ironton Ry., Ford's attempt to get control of, an old trick but a new hand e315
Electrification:
Extensions granted again n197
Montreal, railway electrification proposed n392
New York City, hearing on railway electrification n158
New York State railway electrification law held unconstitutional .. n479, e528, 553
Fort Worth, Denver & South Plains Co. to build line in Texas n*924
Georgia and Florida Ry. making plans for new line from Augusta, Ga., to Greenwood, S. C. n438
Great Northern Ry.:
Cascade tunnel:
Driving record n591
Methods and progress of driving *858
Power wires in tunnel carried by wood spuds j*881
Granite gulch viaduct, reinforcing of structure under traffic *788
Gulf Coast Line subsidiary to build extension in Texas n181
Hudson River Connecting R.R. to be controlled by New York Central R.R. n679
Illinois Central R.R.:
Downs, L. A., becomes president n478
Water supply and water treatment practice e566, C. R. Knowles a572
International association of street railways, to be held at Barcelona n315
Manchuria China, new railway project .. 220
Meridian & Bigbee Ry. line in Mississippi authorized n477
Minnesota, Freeborn County lines by Chicago, Rock Island, Pacific, and Chicago, Milwaukee & St. Paul, authorized n33
Minnesota Western Railroad Co. gets authorization for 45-mile line n75
Missouri-Kansas-Texas Ry., grade crossing agreement with city of McAlester, Okla. 220
Missouri Pacific Ry. Arkansas extension authorized n804
Motor bus services of railways Baltimore & Ohio R.R. collects passengers in New York City by bus e283
Natron Cutoff to be called Cascade Line. n315
Natron cutoff, tracklaying completed .. n78
New Orleans, Great Northern Ry. gets approval for short line in Mississippi. n595
New York Central R.R.:
Hudson River Connecting R.R. to be controlled by New York Central R.R. n679
Northern Pacific Ry. Ore dock, all concrete at Superior, Wis. *455
Ontaroa Ry. to cross Quebec Crown Land e*255
Panama, Chiriqui National R.R. and port facilities at Puerto Armuelles to be built n924
Pecos & Northern Texas Ry., to build line extension *924
Pennsylvania R.R.:
Bayard-Canton freight cutoff construction *424
Electrification at Philadelphia, electrical equipment ordered n809
Lee, Elisha, appointed vice-president for general supervision n640
New Brighton, Pa., four-track diversion *307
Slag fill between Pennsylvania R.R. and Ohio River near Pittsburgh placed by hydraulic giants, R. D. Achauer *656
Trimble, R., assistant chief engineer retires n*1093
Pere Marquette Ry.:
Experimental track to be built n231
Ottawa terminal freight yard near Toledo, Ohio *48
Reader railroad, in Arkansas, plans to build 78 miles of road n554
Red Lake district in Ontario, private company may build railroad n925
San Antonio and Arkansas Ry. Co. to build 114-mile railway in Texas n196
Santa Fe Ry.:
Cutoff, 15 mile, near Los Angeles, proposed n275
Soo Line, short connecting railway authorized n232
Southern New England R.R. charter expires n117
Southern Pacific Ry.:
Natron cutoff and an Arizona line track-laying completed n78
Natron Cutoff to be called Cascade Line n315
Permission to build into lower Rio Grande granted e167, n196
Southern Ry., Greensboro, N. C., union station *136
Texas:
Controversy about new railroad building n156
Texas, Panhandle, 230 miles of railway to be built by four railways n*924
Texas, Panhandle & Gulf Ry. case reopened n1052

*Illustrated; a, abstracts; e, editorials; j, job and office; l, letter; n, news

Texas, Panhandle & Gulf Ry. to build line extension n*924
Union Pacific R. R., American Falls bridge over Snake River in Idaho raised 21 ft. under traffic *1034
Valuation:
Hearing set for January, 1927 ..... n75

RAINFALL AND RUNOFF

Catskill watershed, Esopus and Schoharie gathering grounds, variations in rainfall and runoff. W. W. Brush . 11050
Detroit, Mich., heavy rainfall of Aug. 17, 1926 ..... n394
Illinois and other central states, excessive rainfall causes floods n518
Local varieties great, as New York City and State in August e325
New York City:
Brooklyn storm, Sept. 6, rainfall high for several hours. A. J. Griffin ... 1638
Catskill watershed rainfall, W. W. Brush 11050
High intensity curve for storm of Aug. 12, 1926. C. M. Noble 1 *638
Short-time rainfall record in New York City broken n357
Sierra Nevada Mountains, snow survey and stream runoff in seven basins ... e7
Vagaries of rain falling where it listeth e527
Rapid transit:
Continuous platform system for subways proposed by P. Sachs, engineer, New York City *266
Reels for storing rope, cables, etc., computing length stored j*351
Reflectors for night work on Savoy-Plaza Hotel, New York j*432

REGIONAL PLANNING

Chicago regional plan:
Cook County, large mileage of wide roads proposed n558
Super-highway plan contest for Chicago environs announced n759

RESERVOIRS

Ashokan reservoir. (See New York City, water supply.)
Oil reservoir of Southern Pacific Co. at Tracy, Calif.:
Pavement, concrete, made with offset joint j*881
Posts for roof erected by traveler . j*962
Saw, electric, saves time in fitting roof sheathing j*880
Oneida, N. Y., earth reservoir concrete lined, dragline and wagons for earth moving an deoncreting by shovel. J. P. Bailey *1080
Recreational use and water sanitation . e449
Recreational use of San Diego's water-supply reservoirs *386, M. M. O'Shaughnessy 1 802
South Pasadena, Calif., rebuilding reservoir that failed. O. A. Stone *172
River and rail terminals. (See Railway terminals, rail and river.)
River erosion and protection:
Sacramento river, bank protection by control jetties of tree trunks. Bailey. *190

RIVER REGULATION AND RIVER IMPROVEMENT

Bank protection devices in West Indies, A. W. Rogers 1*1089
Fountain river, Colorado, brush, wire mesh, and old rails make retards ... *576
Japan, flexible reinforced-concrete mattresses as bank protection on deep rivers, results obtain e*248
Missouri River:
Kansas City to Pierre, S. D., Board of Engineers for Rivers and Harbors to hold hearing Dec. 3 ..... n888
Lexington bridge, Missouri River regulation *494
North River, in Quebec, works to regulate flow planned n760
Quebec:
Gatineau and other rivers, regulation planned n480
Salmon river regulating district plan meets opposition in New York n440

RIVERS

Chicago River, straightening project and approved and construction to begin e729, *745
Colorado River:
Salt content of Colorado River increased in 25 years. Carl S. Scofield 131
Seven-state compact:
California holds extra legislature session to discuss compact n681
California legislature votes against withdrawing reservations n722
Source-book by R. L. Olson, book review 472
Columbia River commission holds first meeting at Spokane n157
Delaware River:
Tri-state compact, compromise sought . n923
Hudson River:
Dredging contract authorized n640
Dredging near Albany to start n79
Mississippi River:
Commission to make low-water inspection trip n971
Canalization above Kansas City, Engi-
Mississippi Valley Association meeting announced n641
Missouri River:
Deepening above Kansas City approved by Senate ... e1023, n1052, n1094
Kansas City to Pierre, S. D., Board of Engineers for Rivers and Harbors to hold hearing Dec. 3 ..... n888
Regulation at Lexington Bridge *494
Rio Grande Commission on Equitable use of Water, personnel n77
St. Lawrence River and waterway:
Hydro-electric power development:
Action deferred by New York commission on permit n759
Licenses by present New York commission opposed by Governor Smith e940, n971
New York commission, Ontario commission, and Federal Power Commission meet; some complications arise in power rights development n76, n115
New York State commission adopts terms under which it will issue licenses e527, n555
New York state engineer favors power development by private capital under 50-year lease ... n29
New York state engineer's report on terms for a permit if project is carried out by private interests e86
Ontario commission gratified at New York's power plans n758
Power hearing postponed to Oct. 25 . n683
Report adverse to Lakes-to-Hudson canal draws support to St. Lawrence waterway n1094
Two companions accept license conditions n596
U. S. commission meeting in Washington to hear report of Joint Board . n1012
Joint Board of Engineers report:
Report of November 16, 1926, on 1921 report as to present cost and feasibility, effect of diversions, remedial measures .. n888, e896, 906
Warrior River, barge line has increasing business n640

RIVERS AND HARBORS

Appropriation bill held over till December, 1926 ..... n76
Survey, general, proposed bill opposed .. n156

RIVETS AND RIVETING

Joints, large riveted, of various steels, tests carried out by U. S. Bureau of Standards and for U. S. Navy, reported by Comm. E. L. Gayhart .. e855, 864
Mokelumne pipe line, welding difficulties and partial return to riveting. A. P. Davis *912

ROAD SHOWS

All-western road show held at San Francisco n234, n684
Road show at Chicago:
Free trip for best article n522
Preliminary plans completed n726
Roadmasters and Maintenance of Way Association:
Meeting in Chicago 478, n593
Terminal track layout as related to engine wheelbase (paper by H. J. Pfeiffer) a620
Roebling, Washington, death e165, n*232
Roller bearings installed on railway equipment n1016
Roof design, applying principles of the catenary. M. Elizondo *1071
Roofs and roofing:
Oil reservoir of Southern Pacific Co. at Tracy, Calif., electric saw saves time in fitting roof sheathing j*880
Rope:
Wire rope, survey shows useful life on construction work n*928
Ryan Laboratory. (See Buildings: Hydro-electric power.)

S

S-51, submarine, pioneer engineering in deep water salvaging e204, *210
Safety:
Group safety engineering grows e448

ST. LOUIS, MO.

Building, Lesser-Goldman, of concrete, halved in street widening plan. S. W. Bowen *698
Consolidation of St. Louis City and County defeated n760
County and city merger proposed n115
Day, L. A., appointed head of water department n118
Lindell Boulevard, rapid work in repaying. W. W. Horner e165, *168
Subway reports ready n478
St. Lawrence River. (See Rivers, St. Lawrence.)
St. Louis Engineers' Club:
Club residence acquired n118, n759
St. Louis Institute of Consulting Engineers entertains city and county officials n1093

SALT

Lock-controlled waterways, keeping salt water out, in state of Washington. W. Meacham *219
Salt content of Colorado River increased in 25 years. Carl S. Scofield 131
San Diego, Calif., votes $2,000,000 for water supply dams n761

SAN FRANCISCO, CALIF.

Earthquakes rock San Francisco and surrounding region n719
Garbage disposal being studied n78
Water supply:
Bonds for water taken out of bonding limit, enabling purchase of Spring Valley works and use of city money on Hetch Hetchy works n845
San Francisco Bay:
Bridges. (See Bridges, San Francisco Bay.)
Sanitary districts:
Du Page River districts organized by several communities west of Chicago .. n1052
Sanitary engineering:
Filter operators, school to be held in West Virginia n889
Sanitation:
Congress holds session at Racine, Wis., discussing sewage disposal into lake. 642
Sao Paulo, Brazil, new water supply brought 42 miles 945
Saws:
Electric hand saw (Woodack Electric Tool Corp.) n*599
Electric saw saves time in fitting wood sheathing for roof of oil reservoir of Southern Pacific Co. at Tracy, Calif. j*880
Seattle, Wash., defeats council-manager plan n846

SEWAGE DISPOSAL

Irrigation with treated sewage at Lubbock, Texas. H. N. Roberts and D. L. Jones *1026
Lake Michigan Sanitation Congress holds session at Racine, Wis., discussing sewage disposal into lake n642
Minneapolis appoints committee on sewage disposal n520
Money-making out of sewage urged by sanitary engineer of California Board of Health 869
Schenectady, N. Y., sewage sludge marketed for three years, e245. M. M. Cohn *252
Sludge disposal:
Passaic Valley Sewerage District lets new contract for disposal of sewage sludge n76

SEWAGE TREATMENT

Activated-Sludge:
Burnley, England, activated-sludge process 191
Essen, Germany, apparatus for activated sludge tests. F. Sierp, *trans.* A. Wolman *505
Essen, Germany, New activated-sludge plant. K. Imhoff, *trans.* G. M. Fair *298
Fort Lauderdale, Fla., to build activated sludge plant n231
Pomona, Claremont and LaVerne, Calif., plant, disposal of excess sludge, chlorination, plant design. F. M. Veatch, ... *10, e46, 52
Toronto, Ontario, plan for activated-sludge plant to treat pre-settled sewage 335
West uses more than East e46
Bio-chemical oxygen demand of raw and treated sewage, at Baltimore sewage-works, several years' results, e855. C. E. Keefer and R. T. Regester *970
Chemico-mechanical sewage treatment will replace biological, it is hoped. L. L. Tribus 1756
J. R. Downes 1920
Chlorination:
Nitrification in sewage filter beds 1353
Schenectady, N. Y., Chlorination studies being continued, l. Morris M. Cohn 436
Chlorination and nitrification as at Schenectady. H. W. Clark 1 74
Detroit, Mich., sewage-works on Rouge River to include pumping station, detritus and Imhoff tanks also intercepting sewers e939, n971
Direct oxidation:
Allentown, Pa., working tests show direct oxidations not suitable, and skimming detritus tanks, Imhoff tanks, sprinkling filters and disinfecting and humus tanks advised. e409, 422
Discussion. C. P. Landreth and Metcalf & Eddy e966
Austin, Minn., decides direct oxidation *339
Imhoff tanks:
Austin, Minn., decides on Imhoff tanks and sprinkling filters after controversy over direct oxidation *339
Imhoff tank patent, Travis-Imhoff litigation in Germany terminated. K. Imhoff 1273
Iowa State College holds sewage treatment conference n758, n924
Santa Barbara, Calif., sewage screening plant e19
Sludge digestion:
Sedimentation with separate sludge digestion as at Bath and Birmingham, England, and Baltimore, Md., a backward swing e585, 573
Tenafly, N. J., bids asked for plant for high degree of treatment n395
Wheaton, Ill., digestion tanks and filters separate, for sewage treatment 1084

SEWAGE-WORKS

Aerators of submerged contact type used in sewage treatment in Ruhrverband, K. Imhoff *949, *1032
Contact aerator, submerged, not new. L. Pearse 11087
Allentown, Pa., direct oxidation found not suitable and skimming-detritus tanks, Imhoff tanks, sprinkling filters, and disinfecting and humus tanks advised e409, 422
Austin, Minn., uses Imhoff tanks and sprinkling filters, after deciding against direct oxidation *339
Baltimore, Md., sewage-works:
Bio-chemical oxygen demand, several years' results, e885. C. E. Keefer and R. T. Regester *870
Operation 1920 to 1925, e166. C. E. Keefer *174
Detention period for sewage tanks operated in parallel. R. T. Regester ... j*153

*Illustrated; a, abstracts; e, editorials; j, job and office; l, letter; n, news

Detroit, Mich., sewage-works on Rouge River to include pumping station, detritus and Imhoff tanks, also intercepting sewers e939, n971
Division of labor at sewage-works, and value of research, Baltimore, Md., e855, C. E. Keefer and R. T. Regester *870
Electric-driven and automatically controlled sewage-works at Wandle Valley, England *658
Indianapolis, Ind.:
Advice on completing sewage-works recommended n439
Dispute over new sewage-works hampers operations n356, n480
Middletown, N. Y., defeat of bond issue for sewage-works e246
Missouri, fifty new municipal sewage-works 699
New York City, Queens Borough screening plant, 80 m.g.d. capacity, operation started n1055
Pomona, Claremont, and La Verne, Calif., plant disposal of excess sludge, chlorination, plant design. F. M. Veatch *10, e46, 52
Sludge beds:
Glass coverings for sludge beds available in standard units (Lord & Burnham Co.) n*685
Underfed system, at West Kent, England *388
State Health Department's methods to compel installation of sewage-works open to question e407
J. F. Jackson 1802
H. R. Buck 1920
Toronto, Ontario, sewage plant of activated-sludge type to treat pre-settled sewage, planned 335
Wheaton, Ill., digestion tanks and filters separate 1084

SEWERAGE

Indianapolis, Ind., sewage works discussed n356, n480
Minneapolis and St. Paul sewage problem discussed n849
Missouri sewer district law declared invalid n157

SEWER CONSTRUCTION

New York City, Eighth Ave., sewer grade lowered under subway without interruption of sewage flow j*433
Oakland, Calif., sewer: crossing line of estuary subway, carried on novel truss j*72
Pile hammer breaks up aqueduct masonry obstructing sewer construction in Jamaica, Long Island, New York j*717

SEWERS

East St. Louis, Ill., sewer project meets opposition n197
Hydraulic pump in sewers, experiments on model before construction of sewer connections in Chicago. W. H. Ashley *548
Los Angeles County outfall sewer, Health Board acts on location n1094
Santa Barbara, Calif., concrete pipe sewer outfall, 42 in., laid on ocean bottom. *292

SHEETPILING

Sheetpiling:
Interlock wood sheetpiling (A. Martinez) n*235
Shores:
Adjustable shore, new (Dayton Sure Grip and Shore Co.) n*198
Shoring to raise roof of Fairbanks Fiber Box Co. Warehouse at Middletown, Ohio j*634
(See Foundations, underpinning.)

SHOVELS

Crowd, heavy work, modified design (Northwest Engineering Co.) n*279
Dipper 1/3 yd. on Fordson power shovel for small jobs (Fundom Hoist & Shovel Co.) n*1097
Electric shovel has air-operated hoist clutch (McMyler-Interstate Co.) n*809
Gas shovels, new feature is all-steel construction (Harnischfeger Corp.) n*762
Gasoline and electric shovel 1¼ yd., new (Osgood Co.) n*851
Miving traction-wheeled power shovels over bituminous pavement j965
One-and-one-quarter-yard shovel (Bucyrus Co.) n*160
One-yard shovel, new (Bucyrus Co.) n*35
Speeder Machinery Co. to open new plant at Cedar Rapids, Iowa n*762
Strip mining work shovel of 6-cu.yd. capacity (Bucyrus Co.) n*890
Tractor mounting for new ¾-yd. convertible shovel (Bay City Dredge Works) n*891

Slide rules:
Cipollette weirs and submerged orifices, water gage by slide rule, practice on Klamath project. K. Smith j*512
Circular slide rule has 30-in. scale (Fowler & Co.) n978
Circular slide rule made in 1883. K. Allen 1087
Smith, Col. M. H., death n1011

SNOW REMOVAL

Boston, Mass., sixty trucks to be purchased n644
Snoqualmie and Fall River Passes, highway snow removal e284. N. A. Bowers and C. H. Vivian *300
Snow fence, metal, built in sections (Metal Vane Snow Control Corp.) ..n*1096
Snow Plows:
Gas-electric snow plows to keep bus routes open (Walters Motor Truck Co.) n*598
V-type plow (Acme Road Machinery Co.) n*483

Snow surveys:
Sierra Nevada Mountains, snow survey and steam runoff in the seven basins.. e7
Society for Promotion of Engineering Education, education is self-correcting e46
Soil pressures:
Pressures under continuous footings. C. A. Ellis 1272
Soldering iron, electric (General Electric Co.) n*121
South Carolina Highway Department, Admiral McCowan resigns as head of Commission n519
Southern Clay Products Association formed n1016

SPECIFICATIONS

Secret specifications of Bureau of Standards e323
Too complete specifications 1352
Spuds, large, cut in record time for dipper dredge (St. Paul & Tacoma Lumber Co.) n*235

STADIUMS

Hollywood bowl, layout for pouring seat-support system. Z. Witkin j*433
Philadelphia stadium, cableway handles forms e*256
Portland, Ore., Multomah Field civic stadium, concrete structure built in five months *1036
South Dakota University stadium built in small units *27

Standardization:
Research versus Specifications e3

STEAM POWER

New York Edison Co. plant in New York City, foundation and plant layout ..*898
Richmond power station, Philadelphia, silicon steel used, and building design. F. N. Kneas *459
Southern California Edison Co. to have largest steam electric generators n441

STEEL

American Society for Treating Materials discusses fatigue and endurance, flow of steel, temperature and welded joints e3, *21
Corrosion:
Embrittlement caused by corrosion-fatigue, l. D. J. McAdam, Jr. 436
Embrittlement:
Boiler steel embrittled by caustic soda 151
Turbine blades made of boiler steel in southern plant, crystalline fracture. 1352
Fatigue strength of cast steel 1003
German steel export controversy, eating and keeping one's cake e487
New York City subways to use only American steel n477
Silicon steel used in Richmond power station, Philadelphia, e447. F. N. Kneas *450
Steel arch bridge closure effected with aid of temperature changes j*796
Structural steel:
Fabricating plant, Mississippi Valley Structural Steel Co. n278
Sulphur and phosphorus in rivet steel, report to American Society for Testing Materials *26, e45
Stockton, Calif., city manager salary of $20,000 approved by voters n847
Stone & Webster organize security company 1094
Storage bins:
Tile bin, patented, incorporates conveying system (Stearns conveyor system) *198

STREETS

Abrasion of pavements caused by narrow lanes. W. H. Luken 1678
Benefit assessments:
Benefits should be paid by motor car users e447
St. Paul, Minn., has changed street paving benefit assessment plan. G. H. Herrold 1678
(See Municipal improvements.)
Hartford, Conn., street widening, curb stones moved and reset by power shovel. A Wells j270
Parking:
Chicago, Ill., parking survey by Chicago Association of Commerce, some conclusions a867
Corpus Christi, Texas, protected parking space on wide street j*351
Dallas, Texas, maximum parking use of semi-business streets j*154
Norfolk, Va., survey—Who benefits from parking privileges? e324
Parking: A preventable evil (A.E.R.A. paper). C. O. Sherrill a618
South Water St., Chicago, Ill., opened to traffic e650, n*759
Traffic:
Jaywalking mainly futile e649
Tally sheet aids one man to record street intersection traffic. Manchester, N. H. W. L. Hyland j*714
Wacker Drive (South Water Street), Chicago, Ill., to be opened for traffic e650
Widening of streets:
St. Louis, Mo., building halved in street widening plan. S. W. Bowen. *898

STRESSES

Bearing walls, fire-and-load test equipment designed by Underwriters' Laboratories. C. A. Menzel *664
Three-moment equation. J. W. Pearl ..j*70
Wind action:
Cuba hurricane, aerometer record and general hurricane damage. I. W. McConnell and A. J. Hammond *753
Wind action in Florida hurricane. e507, e609, e611
F. E. Schmitt 517, *554, *587, *624
Florida and Cuba hurricanes show need for more effective wind study and wind velocity in pounds instead of miles per hour e731
Fort Lauderdale. G. R. Solomon 627
Hollywood. G. M. Beerbower 752

STRUCTURAL DESIGN

Barge, coal-handling, of light weight, with structural steel framework *59
Buildings. (See Building design.)
Columns. (See Columns.)
Florida hurricane. (See Florida hurricane, Stresses.)
Submarine S-51:
Ellsberg, Lieut. com., dinner by construction division n195
Raising and salvaging, pioneer engineering e204, *210
Sugar mill. (See Building, Industrial.) ... *260

SURVEYS AND SURVEYING

Aerial mapping:
Alaska, airplanes to be used for map work n75
Florida development at Boca Raton, aerial surveys lend confidence on hastily organized job. K. Riddle. *1072
Angle and bearing calculation checked by simple and quick means with use of slide rule j*351
Box on Ford running board carries survey party equipment. A. Wells j*798
Cascade Mountains, triangulation work by U. S. Coast and Geodetic Survey.. 146
Intersection of two lines determined, with certain functions given. G. I. Gibbs j*635
Level running instrument j*637
Manual for engineers and surveyors (C. L. Berger & Sons) n929
Pittsburgh and Allegheny county geodetic and topographic survey notable 1391
Rainy Lake district on international boundary mapped by use of Amphibian plane 431
Stadia work:
Logarithmic stadia rod for topographic work and area measurements. J. R. Jahn j*71
Subway surveys, details in base line work j*268
Swain, Prof. G. F., address to Boston Engineers on concrete n973, e1022, 1040
Switch stand improved (McMyler-Interstate Co.) n*928

T

TAXATION

Gasoline taxes:
All states (but four) show gasoline tax of $85,000,000 in six months.. 672
Missouri gasoline taxes increase in eight months of 1926 665
Income tax:
Detroit water board employees, exempt n972, e1021, e1061
Taylor, General H., retires as Chief of Engineers n*31
Testing machine, universal built in England for testing Sydney Harbor bridge .e*468
Torches for construction work (Mcloskey Torch Co.) n*1056
Towers:
Cableway mast for slackline (Sauerman Bros) n*483
Tubular members used to build new construction (Dravo Equipment Co.) ...n*703

TRACTORS

Crawler tread designed as truss, used in Cuba and South America (Athey Truss Wheel Co., and Baldwin Locomotives Works) n319
Driver's seat high on tractor (Caterpillar Tractor Co.) *646
Filters, slow sand., cleaned at Philadelphia by tractors (M. L. Bayard & Co., made for Blaisdell Filtration Co.) .n. *684
Heavy-duty tractor has important features. Model A. Cleveland Tractor Co. n522
Wheel, flat-spoke (French & Hecht) ... n*235
Wheels, steel expansion, for largest size rubber tires (French & Hecht) n*523
Trade:
United States Trade with Latin America in 1925 ..... n120
Trade associations:
Jeremiads wanted to offset overdone advertising e815
Trade-ins of equipment:
Trade-ins on construction equipment from manufacturers' viewpoint n560
"We should not be asked to trade in old equipment." n644
(See Equipment.)

TRAFFIC

Chart for analyzing vehicular traffic ...j*636
Jaywalking mainly futile e649
Motor vehicle registration and traffic increase latter more rapid. F. Lavis ..1 921
Pedestrians' rights. S. A. Thompson ...1 882
Short traffic intervals e1061
Signal, on pedestal, using acetylene ...n*852
Street intersection traffic, tally sheet aids one to record traffic count, at Manchester, N. H. W. L. Hyland ..j*714
Surveys:
Chicago, Ill., street traffic survey report n557
Norfolk, Va., survey of results of street parking e325

*Illustrated; a, abstracts; e, editorials; j, job and office; l, letter; n. news

Washington, D. C., adopts pedestrian traffic control plan n557
Trailer, dump, of welded steel (Euclid Crane & Hoist Co.) n*809
Transmission lines. (See Hydro-electric power.)
Transport:
World motor transport congress to be held in New York in January n849
Transportation:
Yale University study—Transportation, book review 473
(See Engineering Education, Yale survey, railway attitude.)
Trucks:
One-and-one-half ton capacity truck added to company's line. (Four Wheel Drive Auto Co.) n*599
Side or rear dump truck (Differential Steel Car Co.) n*1096
Two-ton truck added to line of smaller capacities (Graham Brothers) n*523
(See Motor trucks.)
TRUSSES
Chicago riding club, building, large steel roof truss e*250
Welded trusses and a new truss joint, of the trusses and joint design of Buffalo shops of Linde Air Products Co. H. H. Moss *712
Welded trusses fabricated from reinforcing bars (Concrete Steel Co.) *160
Welding of roof trusses, though punched for riveting, saves time for Modern Power Device Co., in Wisconsin j*881
TUNNELS, TUNNEL LINING, AND TUNNELING
Cascade tunnel of Great Northern Ry.
Driving records, and progress and methods 100, n594, n877
Gates of finer type control flow of muck from bunkers j*1044
Methods and progress in driving, and camp rivalry as aid to speed of work e855, *858
Power wires in tunnel carried by wood spuds j*881
Claremont tunnel for East Bay District
Flood waters break cofferdam and drown ten workmen n925
Death responsibility not fixed n1094
Feather River Power Co. tunnel, Adit to grizzly camp, placing air hose line .. j797
Greentree tunnel on Pittsburgh & West Virginia Ry., as part of Wabash transcontinental system, repairing old concrete lining on two-track tunnel. H. H. Temple *865
Holland Tunnel:
Governors of New Jersey and New York inspection trip. e323, n356
New Jersey approach:
Covered cut section 3 contract n887
Model of road and traffic study to make tunnel serve Holland tunnel and proposed Fort Lee bridge over Hudson River *519
New Jersey approach viaduct:
Double-decked highway, blasting and excavation and novel concreting plan *415
Footing piers, 70 in number, constructed with eight-derrick outfit. *389
Hoosac Tunnel to be enlarged n231
Hudson River, a Holland freight tunnel a possibility e689
Irrigation tunnel near Denver holed through, by skilful blasting, under 30-ft. water head j*152
Kansas City, Mo., water tunnel under Missouri River. Explosion in tunnel causes eight deaths n*519
Explosion caused by natural gas 552
Moffat tunnel:
Cave-in entombs six of the men n230
Coroner's verdict n356
Full section 73 per cent completed .. n925
Lease planned n440
Ventilation requirements being computed n392
Oakland, Calif., estuary tunnel:
North approach concrete subway end slides on asphalt waterproofing, stopped by jacks and struts. N. D. Baker *879
Novel design and construction features, e689, *692. "Tunnels" 1802
Reason for tunnel instead of bridges. C. F. Loweth e970
Rock tunneling for subways, lining with concrete blocks, advantages. J. F. O'Rourke l*229
Rove Ship Tunnel for Marseilles-Rhone Canal completed n*439
South American tunnel for Ferrocarril de Antioquia, to be built by Frazer Brace, Ltd., of Montreal n682
Turbines:
General Electric Co. has record-size turbine at Schenectady plant *1057
"Period Efficiency" for watet wheels" ... e488
Turntables. (See railway structures.)
TYPHOID FEVER
Akron, N. Y., insufficient chlorination caused typhoid epidemic n682
Albany, N. Y., water-borne typhoid damages awarded against city n889
Cross-connections in water supply mains:
Fire insurance representatives, advocates against elimination of cross-connections e2
(See Water mains.)
East Liverpool, Ohio, how typhoid was cut down 297
Hanover, Germany typhoid epidemic charged to water supply pollution .. n554
Owens Sound, Ontario, case: damages granted because water not chlorinated n30

U

Underwriters' Laboratories fire-and-load test equipment for bearing walls. C. A. Menzel *664
Unemployment, American statistical report e284
United States Army completing plans for new buildings at military posts n478
U. S. BUREAU OF RECLAMATION
Budget request $12,183,000 ..... n973
Owyhee and Vale projects to be built n804, e813
Reform in method of undertaking work —budgeting vs. logrolling e896
Ten-year construction program proposed n974
Vale land reclamation and irrigation project, President Coolidge approves for construction n722
U. S. BUREAU OF STANDARDS
Concrete workability test, new apparatus 955
Fire test of sheet-steel garage 431
Quarter centennial e940, n973
Riveting of large joints of various steels, tests carried out by U. S. Bureau of Standards, for U. S. Navy, reported by Comm. E. L. Gayhart e855, 864
Termite, or flying ants, tests and recommendation to eliminate building damage, 1 T. E. Snyder 436
U. S. Department of Public Works:
American Engineering Council formulates plan for and work under federal Department of Public Works n846
United States Patent Office, new building recommended n314
U. S. Government:
Federal building plan survey of 900 cities to select two for mail-handling units, Pittsburgh and Philadelphia considered n888

V

Valve boxes, Baltimore water-works, sectional, of concrete *374
Valves. (See Pipe lines.)
VIADUCTS
New Jersey approach to Holland tunnel Eight-Derrick outfit constructs seventy footing piers *389

W

War camp suits:
Fuller, G. A. Co., wins exoneration in suit over Camp Funston n518
Warehouses:
Montreal, port terminal warehouse n115
Macy warehouse, Long Island City cost and time reduced by use of auxiliary mixing plant. M. Leafgreen and J. J. Lindon *420
Waste elimination theme of "Management Week" n682
Washington, D. C.:
Patent Office, new housing plan n722
Traffic control of pedestrians plan adopted n557
Water intake draft distributor (Johnson-Wahlman) designed for wide distribution of flow. M. G. Salzman *998
WATER MAINS
Cross-connections:
Buffalo, N. Y., all cross-connections eliminated 259
Connecticut state conference n1094
Dangerous and losing game. C. W. Mowry 1193
Fire insurance representatives advocates against elimination of cross-connections e2
Mains:
Syracuse, N. Y., eliminates cross-connections to private supplies of suspected quality n1052
Grenoble, France, six-meter conduit 1,456 meters long n*117
Leakage tests on steel water mains at Detroit. C. S. Proctor *209
Venice, Neb., water service connections and meter rules *266
Water metering. (See water supply.)
WATER POLLUTION
Fox River, Illinois, pollution check planned by sanitary district n557
Great Lakes, conference on pollution to be held n478
Lake Michigan Santitation Congress to hold meeting at Racine, Wis. n478
Michigan, Lake, pollution of south end, Public Health Service report 1032
San Diego, Calif., reservoirs, safely used for recreation 387
Water resources. (See Hydro-electric power: Irrigation; Water supply; Waterways; etc.)
WATER SUPPLY
Albany, N. Y., new water supply:
Plan of new system adopted n32, n520
Plan too long deferred e565
Aristotle's advice to Alexander 2,200 years ago e27
Bathing in water supplies, New Jersey plan of control e983, n1012
Boston water supply. (See Boston.)
Coolidge, President, summer camp water supply inspection e126
Cross-connections. (See water mains.)
Denver, Colo.:
Water supply additions needed n195
East Bay Municipal District:
Claremont tunnel, flood waters break cofferdam and drown ten workmen .n925
Death responsibility not fixed .n1094
Mokelumne project:
Field welding experience on 65-in. pipe, and partial return to riveting. A. P. Davis *912
Lancha dam and reservoir, license ... n77
San Joaquin River to Oakland, conduit pipe, electrically welded *128
Haiti, ten municipalities have public water supplies 109
Indianapolis water case, U. S. Supreme Court maintains basis of reproduction-cost-new in allowing water rates .e895, n923
London, England, double filtration for part of city water supply 342
Los Angeles, Calif., well sinking and tests of flow from wells in Owens Valley region. G. R. Shuey *8
Los Angeles raises water rates for domestic use and irrigation 94
Metering:
New York City needs metering e204
Bathing in water supply, control plan e983, n1012
New Jersey:
Legislature special session to deal with water supply, eight conflicting groups e3
New York City:
Additional water supply for New York City, system of reservoirs and aqueducts extends almost to Troy .e649, *670
Ashokan reservoir, why its storage is low n719, n88
Imperative need of more water e691
Well water supply of 150 m.g.d., offer to produce n680
Oak Creek, Colo., new water supply ... n478
Providence, R. I., New water supply put in use Sept. 30 ..... n641
Recreational use of reservoirs and watersheds:
New Jersey and New England prohibition of bathing in municipal supply waters e488
Recreation use as at San Diego, and elsewhere *386, e449. M. M. O'Shaughnessy 1802
(See New York City.)
San Diego, Calif., votes $2,000,000 for water supply dams n761
San Francisco, Calif.:
Hetch Hetchy project:
San Francisco Bay pipe line, southern end of pipe line crossing on trestle bridge n479
Transbay pipe line, 21 miles, now in service n480
Sao Paulo, Brazil, new water supply brought 42 miles 945
Vancouver, B. C., new pipe line across Burrard Inlet e*367
WATER TREATMENT
Chlorination:
Double chlorination favored by New York State division of sanitation ... e461
Electrolytic chlorine, home-made, at Sacramento, Calif. H. N. Jenks .. *170
Cost of making chlorine at Sacramento. C. T. Henderson and H. N. Jenks 1843
Patent (Ornstein), case of Paradon, Electric Bleaching gas and Wallace & Tiernan Companies, decision can not be appealed n977, n1096
Portable apparatus for determining residual chlorine and turbidity. H. H. Gerstein j*636
Typhoid fever epidemic at Akron, N. Y., caused by insufficient chlorination n682
Escanaba, Mich., partial evaporation of trade wastes eliminates taste in water e86, *95
Filtration:
Liverpool, England, water inlet, screen and aerator for filters. *539, J. R. Davidson l1090
School for filter operators to be held in West Virginia n889
Hydrogen-ion values more easily found by new apparatus. (La Motte Chemical Products Co.) n*645
Iodization:
Anaconda, Mont., fights goiter with sodium iodide 378
Missouri to hold conference on water purification n757
Ohio water purification conference, topics announced n554
Softening:
Hinsdale, Ill., new water softening plant. F. D. Danielson *780
Tampa, Fla., five-purpose water treatment plant 414
Turbidimeter detects turbidity as low as 0.1 (Levitt-Ferguson Co.) n*120
Turbidity:
Portable apparatus for determining residual chlorine and turbidity. H. H. Gerstein j*636
WATER-WORKS
Aerator, timber, devised in Kansas. J. L. Barron j*634
Albany, N. Y., water filters, reconstruction *380
Baltimore, Md., valve boxes, sectional of concrete *374
Bridge support of concrete, for clarifier at Springfield, Ill., new softening and iron removed plant. L. G. Straub ... *619

*Illustrated; a, abstracts; e, editorials; j, job and office; l, letter; n, news

Corpus Christi, Texas, water-works system revamped *133
Filters:
Albany, N. Y., water filters, reconstruction *380
Liverpool, England, water inlet, screen and aerator for filters *539
Mud ball removal from filter sand at Oklahoma City e369
Tractors clean slow sand filters in Philadelphia (M. L. Baylard & Co.n *684
Fire hydrants:
Freezing below ground water level, how can it be prevented? F. A. Waterous ..... l 920
Fire hydrants should have serial numbers for use in ordering repairs, S. P. Baird ..... l 884
Hinsdale, Ill., new water softening plant, F. D. Danielson *780
Intakes, location in relation to sewage pollution n28
Kansas City, Mo., water tunnel under Missouri River Explosion in tunnel causes eight deaths ..... n *519
Explosion caused by natural gas 552
Missouri, fifty new municipal waterworks 699
New England water-works construction active ..... n *525
Omaha, Neb., water-works erecting new buildings e369
Railway water supply, Illinois Central R.R., source and treatment of water e566, C. R. Knowles a572
Softening apparatus:
Patent suit decided, Borrowman and Spencer (assignor to Permutit) ... n442
Springfield, Ill., new water softening and iron removal plant. L. G. Straub ... *619
Tampa, Fla., five-purpose water treatment plant 414
Water-Works Manufacturers Association to exhibit at southwest meeting n598

WATERWAYS

Great Lakes to Hudson waterway (called also All-American Canal):
Commission reappointed n276
Report of Board of Engineers for Rivers and Harbors confirms previous report that All-American canal is not feasible n848, n888
No study now of effect of allowing railroads to operate ship lines on Great Lakes or New York barge canal n682
(See Canals.)
Hoover's speeches on Water and the National Future e364
Lake of the Woods level control by army engineers n76
Logrolling versus moderation, in president's message e981
Mississippi Valley Association meeting announced n641
Mississippi-Warrior barge line reports increasing business n640
Pontchartrain, Lake not part of Gulf of Mexico 135
St. Lawrence River waterway. (See Rivers.)
Washington, Lake, keeping salt water out of lock controlled canal. W. M. Meacham *219

WELDING

American Bureau of Welding and American Institute of Steel Construction plan extensive research in structural welding n195
American Welding Society meeting and exhibit n888
Buildings Welded:
Decatur, Ill., building construction by Mississippi Valley Structural Steel Co. 333
Pearl City Boiler Co. plant at Jamestown, N. Y. *333
Carnegie Institute of Technology makes tests of welded steel members and joints at Pittsburgh, for Westinghouse Electric & Manufacturing Co. .. n230, *263
Compressor arc welder unit for field service (Schramm, Inc.) ..... n *279
East Bay Municipal District, California, conduit pipe, electric welding manufacture *128
Lincoln Electric Co. experience in welding structural steel, R. E. Kinkead ... *1033
Mokelumne pipe line, field welding difficulties and partial return to riveting, A. P. Davis *912
Noiseless building erection by welding, newspaper publicity voices popular revolt against riveting e448
Oil reservoirs underground in California destroyed by fire started by lightning, investigation shows superiority of welded over riveted piping and connections j717
Roof trusses, punched for riveting, welded to save time, by Modern Power Device Co., Wisconsin ..... j *881
Structural welding possibilities, paper before Structural Division, Am. Soc. C. E. 265
Steel-frame structures:
Arc welding of steel structures, history since 1920 and development. A. M. Candy *660
Trusses welded, and a new truss joint, tests and design of Buffalo shops of Linde Air Products Co. H. H. Moss. *712
Westinghouse building at Sharon, Pa. arc-welded, contract let n203, n275

WELLS

Los Angeles, Calif., water supply, well sinking and tests of flow in wells in Owens Valley Region. George R. Shuey *9

WHARVES AND DOCKS

Cornerbrook, Quebec, contract let for large wharf n394
Dry docks. (See Dry docks.)
Galveston, Texas; pier structures to be built n117
Ore dock of Northern Pacific Ry. at Superior, Wis., all concrete *455
Ore dock reconstruction in steel and concrete, at Superior, Wis., for Great Northern Ry. *496
Piers:
Vancouver, B. C., Pier "B-C" of Canadian Ry. construction. A. D. Wilder *984
Wheels:
Flat-spoke tractor wheel (French & Hecht) ..... n *235
Wichita, Kansas:
City engineering *180
Municipal university established n277
Wilgus, Colonel, credit for Grand Central Terminal development not given in Century article. L. B. Stillwell 1908
Williams, C. C., named engineering dean at Iowa University n118
Winch, double drum, attachment for caterpillar (Willamette Iron & Steel Works) for logging operations ..... n *561
Wind action on structures. (See Bermuda, Cuba, Florida, hurricanes, Maryland tornado; also Stresses.)
Wind gages, to measure wind pressure and wind gusts, developed by Algom Steel Corporation of Canada *1084
Wind velocity, reports of wind should show pounds of force e731
Women's Engineering Society, meeting at Leeds University, England n30
Woods, Lake of. (See Waterways.)
World power conference:
Sectional meeting held at Basel n595
Program prepared for conference at Basel, Switzerland n156

Z

Zoning. (See City planning.)
